### NOTES TO THE ABBREVIATED ACCOUNTS FOR THE YEAR ENDED 28 FEBRUARY 2014

---

#### 1 Accounting policies

##### 1.1 Accounting convention

The financial statements are prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

##### 1.2 Turnover

Turnover represents amounts receivable for goods and services net of VAT and trade discounts.

##### 1.3 Tangible fixed assets and depreciation

Tangible fixed assets are stated at cost less depreciation. Depreciation is provided at rates calculated to write off the cost less estimated residual value of each asset over its expected useful life, as follows:

|                            |                                 |
|----------------------------|---------------------------------|
| Plant, tools and equipment | 20% per annum of net book value |
| Furnishings and fittings   | 20% per annum of net book value |

##### 1.4 Deferred taxation

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date. Timing differences are differences between the taxable profits and the results as stated in the financial statements that arise from the inclusion of gains and losses in tax assessments in periods different from those in which they are recognised in the financial statements.

A net deferred tax asset is regarded as recoverable and therefore recognised only when it can be regarded as more likely than not that there will be suitable taxable profits from which the future reversal of underlying timing differences can be deducted.

Deferred tax is not recognised when fixed assets are revalued unless by the balance sheet date there is a binding agreement to sell the revalued assets and the asset has been revalued to selling price. Neither is deferred tax recognised when fixed assets are sold and it is more likely than not that the taxable gain will be rolled over, being charged to tax only if and when the replacement assets are sold.

Deferred tax is measured on a non-discounted basis.
