NOTES TO THE ABBREVIATED ACCOUNTS
FOR THE YEAR ENDED 31 MARCH 2014

1. ACCOUNTING POLICIES

Accounting convention

The financial statements have been prepared under the historical cost convention as modified by the revaluation of certain assets and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

Turnover

This represents the proceeds of investments sold and rents received in the year.

Tangible fixed assets

Depreciation is provided for at the following rates in order to write off each asset (other than land and buildings), over its estimated useful life.

25% on a straight line basis

Investment property

Investment property is shown at most recent valuation. Any aggregate surplus or deficit arising from changes in market value is transferred to a revaluation reserve.

No provision is made for depreciation of investment properties. Although this accounting policy is in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008), it is a departure from the general requirements of the Companies Act 2006 for all tangible fixed assets to be depreciated. In the opinion of the directors, compliance with the standard is necessary for the financial statements to give a true and fair view. Depreciation is only one of the many factors reflected in the annual valuation and the amount of this that might otherwise have been charged cannot be separately identified or quantified.

Investments

Investments are stated at the lower of actual cost and net realisable value.

Group accounts

The financial statements present information about the company as an individual undertaking and not about its group. The Balvicar Property Company Limited and its subsidiary constitute a small group in accordance with the Companies Act 2006 and has taken advantage of the exemption in Section 398 of the Companies Act 2006 from the requirement to prepare group accounts.
