Notes

1 Accounting policies

The following accounting policies have been applied consistently in dealing with the items which are considered material in relation to the company's financial statements

Basis of preparation

The financial statements have been prepared under in accordance with the Financial Reporting Standard for Smaller Entities (effective January 2007) and under the historical cost accounting rules, modified to include the revaluation of heritable property They have been prepared on the going concern basis, which assumes that the company will continue to trade If the company were unable to trade, adjustments would have to be made to reduce the value of assets to their recoverable amount, to provide for any further liabilities that might arise and to reclassify fixed assets and long term liabilities as current assets and liabilities

Fixed assets and depreciation

Depreciation is provided by the company to write off the cost or valuation less the estimated residual value of tangible fixed assets by equal instruments over their estimated useful economic lives as follows

Motor vehicles	25% reducing balance
Fittings and equipment	20% straight line
Computer equipment	33% straight line

Foreign currencies

Transactions in foreign currencies are recorded using the rate of exchange ruling at the date of the transaction All differences are taken to the profit and loss account

Pension costs

The company contributes to employee pension plans The cost of providing pensions is charged in the year in which it is incurred

Taxation

The charge for taxation is based on the profit for the year and takes into account taxation deferred because of timing differences between the treatment of certain items for taxation and accounting purposes Provision is made for deferred tax only to the extent that it is probable that an actual liability will crystallise

Turnover

Turnover represents the amounts (excluding value added tax) derived from the provision of goods and services to customers during the year
