1. STATUTORY INFORMATION

Stuart, McIntyre & Stuart (Oakburn Garage) Limited is a private company, limited by shares, registered in Scotland. The company's registered number and registered office address can be found on the Company Information page.

2. ACCOUNTING POLICIES

Basis of preparing the financial statements

These financial statements have been prepared in accordance with the provisions of Section 1A "Small Entities" of Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" and the Companies Act 2006. The financial statements have been prepared under the historical cost convention on the going concern basis. They are presented in sterling, which is the functional currency of the company.

The preparation of financial statements in compliance with FRS 102 requires the use of certain critical accounting estimates. It also requires the directors to exercise their judgement in the application of the company's accounting policies. They do not consider that there are any matters arising in this regard that are so significant to the financial statements as to require separate disclosure.

The principal accounting policies applied in the preparation of these financial statements are set out below. They have been applied consistently to all years presented, unless otherwise stated.

Turnover

Turnover is measured at the fair value of the consideration received or receivable, excluding discounts, rebates, value added tax and other sales taxes.

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Land and buildings	- 5% on cost
Plant and machinery etc	- 33% on cost, 25% on reducing balance and 15% on reducing balance

Stocks

Stocks are valued at the lower of cost and net realisable value on the first-in first-out basis, after making due allowance for obsolete and slow moving items.

Taxation

Taxation for the year comprises current and deferred tax. Tax is recognised in the Profit & Loss Account, except to the extent that it relates to items recognised in other comprehensive income or directly in equity.

Current or deferred taxation assets and liabilities are not discounted.

Current tax is recognised at the amount of tax payable using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

2. ACCOUNTING POLICIES - continued

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

Timing differences arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in financial statements. Deferred tax is measured using tax rates and laws that have been enacted or substantively enacted by the year end and that are expected to apply to the reversal of the timing difference.

Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

Pension costs and other post-retirement benefits

The company operates a defined contribution pension scheme. Contributions payable to the company's pension scheme are charged to profit or loss in the period to which they relate.

Debtors and creditors due within one year

Debtors, prepayments, creditors and provisions are recognised at the transaction value, after taking account of any discounts or impairments.

Cash and cash equivalents

Cash at bank and in hand includes cash, bank current accounts and bank deposits repayable without penalty on notice of not more than three months.

3. EMPLOYEES AND DIRECTORS

The average number of employees during the year was 5 .
