NOTES TO THE ABBREVIATED ACCOUNTS
FOR THE YEAR ENDED 31 MAY 2011

1. ACCOUNTING POLICIES

Accounting convention

The financial statements have been prepared under the historical cost convention as modified by the revaluation of certain assets and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

Turnover

The turnover shown in the profit and loss account represents amounts receivable from accommodation rented out.

Investment properties

Investment properties are valued by a director on an open market basis in accordance with the requirements of FRSE and not depreciated. The requirement of the Companies Act 2006 is to depreciate all properties, but that requirement conflicts with the generally accepted accounting principle set out in FRSE. The directors consider that, as these properties are not held for consumption but for investment, to depreciate them would not give a true and fair view, and that it is necessary to adopt FRSE in order to give a true and fair view. If this departure from the Act had not been made the affect on the financial period would have been decreased by depreciation on the revalued properties of £36,400 (2010 £36,400).
