These financial statements have been prepared and delivered in accordance with the provisions applicable to companies subject to the small companies' regime and in accordance with FRS 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland'.

In accordance with section 444 of the Companies Act 2006, the statement of comprehensive income has not been delivered.

For the year ending 31 October 2017 the company was entitled to exemption from audit under section 477 of the Companies Act 2006 relating to small companies.

Directors' responsibilities:

- The members have not required the company to obtain an audit of its financial statements for the year in question in accordance with section 476 ;
- The directors acknowledge their responsibilities for complying with the requirements of the Act with respect to accounting records and the preparation of financial statements .

Loch Ness Monster Exhibition Centre Limited

Statement of Financial Position *(continued)*

31 October 2017

These financial statements were approved by the board of directors and authorised for issue on 29 May 2018 , and are signed on behalf of the board by:

R W Bremner

Company Secretary

Company registration number: SC080450

Loch Ness Monster Exhibition Centre Limited

Notes to the Financial Statements

Year ended 31 October 2017

1. General information

The company is a private company limited by shares, registered in Scotland. The address of the registered office is Forbes House, 36 Huntly Street, Inverness, IV3 5PR.

2. Statement of compliance

These financial statements have been prepared in compliance with Section 1A of FRS 102, 'The Financial Reporting Standard applicable in the UK and the Republic of Ireland'.

3. Accounting policies

Basis of preparation

The financial statements have been prepared on the historical cost basis, as modified by the revaluation of certain financial assets and liabilities and investment properties measured at fair value through profit or loss.

The financial statements are prepared in sterling, which is the functional currency of the entity.

Transition to FRS 102

The entity transitioned from previous UK GAAP to FRS 102 as at 1 November 2015. Details of how FRS 102 has affected the reported financial position and financial performance is given in note 13.

Revenue recognition

Turnover is measured at the fair value of the consideration received or receivable for goods supplied and services rendered, net of discounts and Value Added Tax. Revenue from the sale of goods is recognised when the significant risks and rewards of ownership have transferred to the buyer (usually on despatch of the goods); the amount of revenue can be measured reliably; it is probable that the associated economic benefits will flow to the entity; and the costs incurred or to be incurred in respect of the transactions can be measured reliably.

Income tax

The taxation expense represents the aggregate amount of current and deferred tax recognised in the reporting period. Tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, tax is recognised in other comprehensive income or directly in equity, respectively. Current tax is recognised on taxable profit for the current and past periods. Current tax is measured at the amounts of tax expected to pay or recover using the tax rates and laws that have been enacted or substantively enacted at the reporting date.

Deferred tax is recognised in respect of all timing differences at the reporting date. Unrelieved tax losses and other deferred tax assets are recognised to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits. Deferred tax is measured using the tax rates and laws that have been enacted or substantively enacted by the reporting date that are expected to apply to the reversal of the timing difference.

Amortisation

Amortisation is calculated so as to write off the cost of an asset, less its estimated residual value, over the useful life of that asset as follows:

Goodwill - 10% straight line

If there is an indication that there has been a significant change in amortisation rate, useful life or residual value of an intangible asset, the amortisation is revised prospectively to reflect the new estimates.

Tangible assets

Tangible assets are initially recorded at cost, and subsequently stated at cost less any accumulated depreciation and impairment losses. Any tangible assets carried at revalued amounts are recorded at the fair value at the date of revaluation less any subsequent accumulated depreciation and subsequent accumulated impairment losses. An increase in the carrying amount of an asset as a result of a revaluation, is recognised in other comprehensive income and accumulated in equity, except to the extent it reverses a revaluation decrease of the same asset previously recognised in profit or loss. A decrease in the carrying amount of an asset as a result of revaluation, is recognised in other comprehensive income to the extent of any previously recognised revaluation increase accumulated in equity in respect of that asset. Where a revaluation decrease exceeds the accumulated revaluation gains accumulated in equity in respect of that asset, the excess shall be recognised in profit or loss.

Depreciation

Depreciation is calculated so as to write off the cost or valuation of an asset, less its residual value, over the useful economic life of that asset as follows:

Property	-	1% straight line
Fixtures and fittings	-	Ranging from 5% to 20% of NBV
Motor vehicles	-	25% reducing balance
Boat and equipment	-	Ranging from 10 %to 15% of NBV

Investment property

Investment property is initially recorded at cost, which includes purchase price and any directly attributable expenditure. Investment property is revalued to its fair value at each reporting date and any changes in fair value are recognised in profit and loss. If a reliable measure of fair value is no longer available without undue cost or effort for an item of investment property, it shall be transferred to tangible assets and treated as such until it is expected that fair value will be reliably measurable on an on-going basis.

Impairment of fixed assets

A review for indicators of impairment is carried out at each reporting date, with the recoverable amount being estimated where such indicators exist. Where the carrying value exceeds the recoverable amount, the asset is impaired accordingly. Prior impairments are also reviewed for possible reversal at each reporting date. For the purposes of impairment testing, when it is not possible to estimate the recoverable amount of an individual asset, an estimate is made of the recoverable amount of the cash-generating unit to which the asset belongs. The cash-generating unit is the smallest identifiable group of assets that includes the asset and generates cash inflows that are largely independent of the cash inflows from other assets or groups of assets. For impairment testing of goodwill, the goodwill acquired in a business combination is, from the acquisition date, allocated to each of the cash-generating units that are expected to benefit from the synergies of the combination, irrespective of whether other assets or liabilities of the company are assigned to those units.

Stocks

Stocks are measured at the lower of cost and estimated selling price less costs to complete and sell. Cost includes all costs of purchase, costs of conversion and other costs incurred in bringing the stock to its present location and condition.

Finance leases and hire purchase contracts

Assets held under finance leases and hire purchase contracts are recognised in the statement of financial position as assets and liabilities at the lower of the fair value of the assets and the present value of the minimum lease payments, which is determined at the inception of the lease term. Any initial direct costs of the lease are added to the amount recognised as an asset. Lease payments are apportioned between the finance charges and reduction of the outstanding lease liability using the effective interest method. Finance charges are allocated to each period so as to produce a constant rate of interest on the remaining balance of the liability.

Provisions

Provisions are recognised when the entity has an obligation at the reporting date as a result of a past event, it is probable that the entity will be required to transfer economic benefits in settlement and the amount of the obligation can be estimated reliably. Provisions are recognised as a liability in the statement of financial position and the amount of the provision as an expense. Provisions are initially measured at the best estimate of the amount required to settle the obligation at the reporting date and subsequently reviewed at each reporting date and adjusted to reflect the current best estimate of the amount that would be required to settle the obligation. Any adjustments to the amounts previously recognised are recognised in profit or loss unless the provision was originally recognised as part of the cost of an asset. When a provision is measured at the present value of the amount expected to be required to settle the obligation, the unwinding of the discount is recognised as a finance cost in profit or loss in the period it arises.

Financial instruments

A financial asset or a financial liability is recognised only when the entity becomes a party to the contractual provisions of the instrument. Basic financial instruments are initially recognised at the transaction price, unless the arrangement constitutes a financing transaction, where it is recognised at the present value of the future payments discounted at a market rate of interest for a similar debt instrument.

Defined contribution plans

Contributions to defined contribution plans are recognised as an expense in the period in which the related service is provided. Prepaid contributions are recognised as an asset to the extent that the prepayment will lead to a reduction in future payments or a cash refund. When contributions are not expected to be settled wholly within 12 months of the end of the reporting date in which the employees render the related service, the liability is measured on a discounted present value basis. The unwinding of the discount is recognised as a finance cost in profit or loss in the period in which it arises.

4. Employee numbers

The average number of persons employed by the company during the year amounted to 15 (2016: 13).

5. Intangible assets

	Goodwill £
Cost	
At 1 November 2016 and 31 October 2017	19,000

At 31 October 2016	3,414,202	104,039	9,368	79,475	3,607,084

Included within the above is investment property as follows:

	£
At 1 November 2016 and 31 October 2017	1,052,761

Investment property is initially recorded at cost, which includes purchase price and any directly attributable expenditure. Investment property is revalued to its fair value at each reporting date and any changes in fair value are recognised in profit and loss. If a reliable measure of fair value is no longer available without undue cost or effort for an item of investment property, it shall be transferred to tangible assets and treated as such until it is expected that fair value will be reliably measurable on an on-going basis.

Investment properties were valued on the basis of market value in October 2017 at £1,052,761 (2016 - £1,052,761) by R W Bremner , a director of the company.

7. Debtors

2017	2016
£	£

Trade debtors	27,182	33,252
Other debtors	24,764	23,926
	-----	-----
	51,946	57,178
	-----	-----

8. Creditors: amounts falling due within one year

	2017	2016
	£	£
Bank loans and overdrafts	170,000	120,000
Trade creditors	30,603	29,904
Corporation tax	80,423	50,113
Social security and other taxes	71,954	66,730
Other creditors	25,657	49,370
	378,637	316,117

The bank borrowing is secured by a standard security over the following properties:- - The Drumnadrochit Hotel, Exhibition Centre and shops- The dwellinghouse known as Torrach, Drumnadrochit - The White House and Lodges, Drumnadrochit - Brackla Harbour, Loch Ness A bond and floating charge is held over the whole assets of the company. Hire purchase borrowing is secured by a charge held over the vessel called Lady Beth.

9. Creditors: amounts falling due after more than one year

	2017	2016
	£	£
Bank loans and overdrafts	1,428,000	1,548,000
Other creditors	36,417	47,735
	1,464,417	1,595,735

The bank borrowing is secured by a standard security over the following properties:- - The Drumnadrochit Hotel, Exhibition Centre and shops- The dwellinghouse known as Torrach, Drumnadrochit - The White House and Lodges, Drumnadrochit - Brackla Harbour, Loch Ness A bond and floating charge is held over the whole assets of the company. Hire purchase borrowing is secured by a charge held over the vessel called Lady Beth . Included within creditors falling due within more that one year is an amount of £948,000 (2016 - £1,168,000) in respect of liabilities which fall due for payment after more than 5 years.

10. Operating leases

The total future minimum lease payments under non-cancellable operating leases are as follows:

	2017	2016
	£	£
Not later than 1 year	238	238
Later than 1 year and not later than 5 years	686	686
	924	924

11. Directors' advances, credits and guarantees

During the year the directors entered into the following advances and credits with the company:

2017

	Balance brought forward	Advances/ (credits) to the directors	Amounts repaid	Balance outstanding
	£	£	£	£
E A Bremner	(17)	26,525	(26,500)	8

E A Bremner	(3)	22,501	(22,514)	(16)
R W Bremner	(35)	59,849	(60,000)	(186)
D Bremner	(81)	62,164	(62,500)	(417)
	----	-----	-----	----
	(119)	144,514	(145,014)	(619)
	----	-----	-----	----

12. Related party transactions

Included within debtors is an amount of £ 437 (2016 - £411) due from a company in which a director is also a director and shareholder . During the year 3 (2016 - 3) directors received dividends amounting to £ 119,425 (2016 - £145,014). Two directors (2016 - 2) of the company received salaries of £ 135,079 (2016 - £129,499).

13. Transition to FRS 102

These are the first financial statements that comply with FRS 102. The company transitioned to FRS 102 on 1 November 2015.

Reconciliation of equity

	1 November 2015			31 October 2016		
	As previously stated £	Effect of transition £	FRS 102 (as restated) £	As previously stated £	Effect of transition £	FRS 102 (as restated) £
Fixed assets	3,639,710	–	3,639,710	3,661,488	(41,104)	3,620,384
Current assets	227,984	–	227,984	261,791	–	261,791

Total assets less current liabilities	3,610,694	–	3,610,694	3,607,162	(41,104)	3,566,058
Creditors: amounts falling due after more than one year	(1,648,000)	–	(1,648,000)	(1,595,735)	–	(1,595,735)
Provisions	(28,363)	(227,002)	(255,365)	(35,005)	(227,002)	(262,007)
Net assets	1,934,331	(227,002)	1,707,329	1,976,423	(268,107)	1,708,316
Capital and reserves	1,927,331	(220,002)	1,707,329	1,976,423	(268,107)	1,708,316

Property Under FRS 102 Investment property is measured at fair value through profit and loss. Property is included in the accounts at its market value. At 1 November 2015 the revaluation reserve of £269,971 relating to investment property has been restated against the profit and loss account. The increase in value of property at 31 October 2015 of £269,971 has been restated through the profit and loss account. Deferred tax Under FRS 102, deferred tax is recognised on a timing difference plus approach, whereas UK GAAP required a timing difference approach. Consequently deferred tax has been recognised on all fair value re-measurements resulting in a provision at 1 November 2014 and 31 October 2015 of £227,002. Fixed Assets Prior to applying FRS 102, Loch Ness Monster Exhibition Centre Limited depreciated assets over their remaining useful life to a residual value of £nil. FRS 102 does not allow residual values of nil, as a result of this Loch Ness Monster Exhibition Centre Limited has reviewed the fixed asset register and determined residual values. Consequently, the effect on profit for the year ended 31 October 2016 is to create an undercharge in depreciation of £43,069 for fixtures and fittings, an overcharge in depreciation of £1,119 for motor vehicles and an undercharge in depreciation of £846 for boat. This amounted to a total undercharge of £41,104.

This document was delivered using electronic communications and authenticated in accordance with the registrar's rules relating to electronic form, authentication and manner of delivery under section 1072 of the Companies Act 2006.
