ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements are prepared in accordance with the Companies Act 1985 under the historical cost convention.

TANGIBLE FIXED ASSETS

Tangible fixed assets are stated at cost or valuation.

Provision is made for the depreciation of office equipment and motor vehicles in order to write off the cost of these assets in equal instalments over their expected useful lives. All other assets are depreciated in order to write off the written down values of assets in use at the end of the year over their expected useful lives.

The following annual rates are used:

Fixtures & fittings	15%
Office equipment	15%
Motor vehicles	25%

INVESTMENTS

Investments held as fixed assets are stated at cost less provision for any permanent diminution in value. Dividends are included in the profit and loss account as investment income.

STOCKS

Stocks are valued at the lower of cost and estimated net realisable value. Cost is determined on a first-in first-out basis. Net realisable value is based on the estimated sale price after allowing for all further costs of completion and disposal.

DEFERRED TAXATION

Provision is made for deferred taxation under the liability method only to the extent to which liabilities will become payable in the foreseeable future.

PENSIONS

The company operates a defined contributions pension scheme. The assets of the scheme are invested and managed independently of the finances of the company. Contributions payable are charged in the profit and loss account.

FOREIGN CURRENCIES

Assets and liabilities in foreign currencies are translated into sterling at the rates of exchange ruling on the balance sheet date. Exchange differences are taken to the profit and loss account.
