STRATEGIC REPORT

FOR THE YEAR ENDED 31 MARCH 2018

The directors present the strategic report for the year ended 31 March 2018.

Fair review of the business

This review is for the financial year from 1st April 2017 to 31st March 2018.

The twelve-month period to March 2018 was another important period in the development of the company with a number of strategic objectives achieved.

The main activities of the company continue to be the sale, support and maintenance of digital Multi-Functional Devices (MFD's) and printers as well as providing print and document management solutions within the Corporate, Commercial (SME's) and Public Sector markets.

The company continues to develop and invest in its operations across Scotland with its established offices in Edinburgh, Glasgow, Dundee, Aberdeen, Inverness and Shetland.

The company invests in its people, products, processes and premises and this investment, combined with our belief in "old fashioned" customer focused service values, has benefited the company in terms of client retention and a consistent growth in our machines in the field (MIF) and our annual service revenues

Turnover for the year to March 2018 was £21.2m with operating profit of £1.1m.

Principal risks and uncertainties

The principal risks and uncertainties affecting the business include the following:

- Competition – the company operates in an increasingly competitive market with continuing pressure on margins, particularly on meter income. The combination of our expertise in providing copy and print solutions along with our strong supplier relationships has helped maintain and improve our competitive edge. The company continues to invest in training and developing the skills and expertise of our employees. This will ensure continuing improvement in performance and staff retention. The company operates in three main sectors across all its branches: Corporate, Commercial (SME's) and Public Sector. The company therefore has a large and diverse client base and does not have any reliance on specific major clients.
- Product risk: the company operates in an ever-changing market place due to the continual progress in technology. By supplying equipment and software from a choice of the world's leading hardware manufacturers and software developers, as well as keeping up to date with their latest innovations, we continue to ensure that we are in a strong position to supply and service our customers' requirements with the best products available.
- Financial risk management – the main financial risk from the company's activities is credit risk. The risk is limited as hardware sales to customers are mostly financed by leasing companies. The credit risk of service revenue is monitored by the board of directors and is not considered to be significant at the balance sheet date.
- Liquidity risk – the company monitors cash flow as part of its day to day control procedures.
- Currency risk – the main suppliers the company purchase its machines and consumables from are UK based, however these suppliers import their goods through Europe. In 2016, post Brexit, due to the deterioration of the £ exchange rate suppliers increased their hardware parts and consumables prices significantly, impacting on the company's cost of sales. Our well established recycle and re-use processes have helped to reduce the major impact of supplier price increases that followed the 2016 Brexit vote and subsequent devaluation of the £ versus the Euro.
- Consumables and parts availability and prices: the group monitors these on a regular basis and negotiates competitive supply contracts with its key suppliers.
- Environmental risks: the company continues to place considerable emphasis on environmental compliance in all our business practices and seeks to ensure ongoing compliance with relevant legislation, while striving to ensure that best practice is incorporated into its Key Management Systems (EMS). All our established branches are ISO14001:2004 accredited and our focus remains on continued improvement in this area.

CAPITAL DOCUMENT SOLUTIONS LIMITED

STRATEGIC REPORT (CONTINUED)

FOR THE YEAR ENDED 31 MARCH 2018

Principal risks and uncertainties (continued)

- Disruption / disaster: business continuity planning is reviewed regularly, and new necessary infrastructure has recently been implemented. A full test of the business continuity infrastructure will take place every six months.
- The effect of legislation or other regulatory activities: the group monitors forthcoming and current legislation regularly.
- An Information Security Management System has been implemented for our IT infrastructure and user company wide. The management system was accredited to ISO270001 in May 2017 and was successfully audited by BSI in May 2018.

Development and performance

Key areas of strategic development and performance of the business include:

- Sales and Marketing: new and replacement business is being targeted and won within the Corporate, Commercial (SME's) and Public Sector markets. Corporate document solutions strategies covering print, copy, and document management are being continually developed for existing and prospective customers, in line with the company's objectives aimed at continually growing our market share, machines in the field and service revenue. Key customer relationships are managed effectively on a regular basis and our investment and efforts in marketing activity is monitored closely, as are the responses.
- Capital Investment: the group continues to invest heavily in improving its facilities to present our people, premises and products in the best possible way, whilst offering world class working conditions for its employees. The group also continues to invest in systems and to improve its processes, to deliver value added services to our customers.
- Health and Safety: the company continues to adhere to HSG65 guidelines and is working towards on maintaining 18001 standards where appropriate.
- Public sector contracts: the company continues to operate as an approved supplier for its products and services under the Scottish National Procurement Framework agreement. We continue to invest in personnel and infrastructure to maximise this significant business opportunity and has been successful in winning many Public Sector contracts in Scotland.
- Key financial performance indicators include the monitoring of profitability, return on capital, machines in the field, stock and the management of working capital.

On behalf of the board

Gordon Affleck

CAPITAL DOCUMENT SOLUTIONS LIMITED

DIRECTORS' REPORT

FOR THE YEAR ENDED 31 MARCH 2018

The directors present their annual report and financial statements for the year ended 31 March 2018.

Principal activities

The principal activities of the company continue to be the sale, support and maintenance of digital Multi-Functional Devices (MFDs), copiers and printers as well as print and content management software solutions.

Directors

The directors who held office during the year and up to the date of signature of the financial statements were as follows:

Tom Flockhart
Gordon Affleck
Andrew Aikman
Richard Smith
William Shields Henderson
John Campbell
Mark Harvie
Ronald Melvin

Results and dividends

The results for the year are set out on page 8.

Ordinary dividends were declared and paid amounting to £505,725. The directors do not recommend payment of a final dividend.

Auditor

The auditor, Johnston Carmichael LLP, is deemed to be reappointed under section 487(2) of the Companies Act 2006.

Statement of directors' responsibilities

The directors are responsible for preparing the annual report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable UK accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

CAPITAL DOCUMENT SOLUTIONS LIMITED

DIRECTORS' REPORT (CONTINUED)

FOR THE YEAR ENDED 31 MARCH 2018

Statement of disclosure to auditor

So far as each person who was a director at the date of approving this report is aware, there is no relevant audit information of which the company's auditor is unaware. Additionally, the directors individually have taken all the necessary steps that they ought to have taken as directors in order to make themselves aware of all relevant audit information and to establish that the company's auditor is aware of that information.

On behalf of the board

Gordon Affleck

Director

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF CAPITAL DOCUMENT SOLUTIONS LIMITED

Opinion

We have audited the financial statements of Capital Document Solutions Limited (the 'company') for the year ended 31 March 2018 which comprise the Statement of Comprehensive Income, the Balance Sheet, the Statement of Changes in Equity, the Statement of Cash Flows and notes to the financial statements, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102 *The Financial Reporting Standard applicable in the UK and Republic of Ireland* (United Kingdom Generally Accepted Accounting Practice).

In our opinion the financial statements:

- give a true and fair view of the state of the company's affairs as at 31 March 2018 and of its profit for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

We have nothing to report in respect of the following matters in relation to which the ISAs (UK) require us to report to you where:

- the directors' use of the going concern basis of accounting in the preparation of the financial statements is not appropriate; or
- the directors have not disclosed in the financial statements any identified material uncertainties that may cast significant doubt about the company's ability to continue to adopt the going concern basis of accounting for a period of at least twelve months from the date when the financial statements are authorised for issue.

Other information

The directors are responsible for the other information. The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the Strategic Report and the Directors' Report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the Strategic Report and the Directors' Report have been prepared in accordance with applicable legal requirements.

CAPITAL DOCUMENT SOLUTIONS LIMITED

INDEPENDENT AUDITOR'S REPORT (CONTINUED)

TO THE MEMBERS OF CAPITAL DOCUMENT SOLUTIONS LIMITED

Matters on which we are required to report by exception

In the light of our knowledge and understanding of the company and its environment obtained in the course of the audit, we have not identified material misstatements in the Strategic Report and the Directors' Report.

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

Responsibilities of directors

As explained more fully in the Statement of Directors' Responsibilities set out on page 3, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

CAPITAL DOCUMENT SOLUTIONS LIMITED

INDEPENDENT AUDITOR'S REPORT (CONTINUED)

TO THE MEMBERS OF CAPITAL DOCUMENT SOLUTIONS LIMITED

Auditor's responsibilities for the audit of the financial statements (continued)

As part of an audit in accordance with ISAs (UK), we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Use of our report

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

CAPITAL DOCUMENT SOLUTIONS LIMITED

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 MARCH 2018

1 Accounting policies

Company information

Capital Document Solutions Limited is a private company limited by shares incorporated in Scotland. The registered office is 101 McDonald Road, Edinburgh, EH7 4NW.

1.1 Accounting convention

These financial statements have been prepared in accordance with FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" ("FRS 102") and the requirements of the Companies Act 2006.

The financial statements are prepared in sterling, which is the functional currency of the company. Monetary amounts in these financial statements are rounded to the nearest £.

The financial statements have been prepared under the historical cost convention. The principal accounting policies adopted are set out below.

1.2 Going concern

At the time of approving the financial statements, the directors have a reasonable expectation that the company has adequate resources to continue in operational existence for the foreseeable future. Thus the directors continue to adopt the going concern basis of accounting in preparing the financial statements.

1.3 Turnover

Turnover is generated from both sales and service activities. Sales revenue derives from the sale of new and second hand machines to customers, including equipment which is financed by third party lessors. Where equipment is financed, customers may contract directly with the lessor or alternatively customers may contract with the company and give permission for the rentals to be assigned with all the risks and rewards transferring to the lessor. The company also provides machines to customers through rental agreements and recognises the resulting income on a straight line basis over the terms of the agreement. Revenue is recognised on machine sales where risks and rewards of inventory are passed to the customer. For deliveries to the customer, this is the point of acceptance of the machines. Service revenue is principally generated from metered copy/print contracts with customers. All revenues are stated after deducting returns, allowances, lease settlements and VAT, and represent the fair value of consideration received or receivable.

1.4 Intangible fixed assets - goodwill

Goodwill represents the excess of the cost of acquisition of businesses over the fair value of net assets acquired. It is initially recognised as an asset at cost and is subsequently measured at cost less accumulated amortisation and accumulated impairment losses. Goodwill is considered to have a finite useful life and is amortised on a systematic basis over its expected life, which is 10 years.

1.5 Intangible fixed assets other than goodwill

Intangible assets acquired separately from a business are recognised at cost and are subsequently measured at cost less accumulated amortisation and accumulated impairment losses.

Amortisation is recognised so as to write off the cost or valuation of assets less their residual values over their useful lives on the following bases:

Software	10% per annum (straight line)
----------	-------------------------------

CAPITAL DOCUMENT SOLUTIONS LIMITED

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

FOR THE YEAR ENDED 31 MARCH 2018

1 Accounting policies

(Continued)

1.6 Tangible fixed assets

Tangible fixed assets are initially measured at cost and subsequently measured at cost or valuation, net of depreciation and any impairment losses.

Depreciation is recognised so as to write off the cost or valuation of assets less their residual values over their useful lives on the following bases:

Land and buildings freehold	2% per annum (straight line)
Land and buildings leasehold	4% - 5% per annum (straight line)
Fixtures, fittings & equipment	20% - 33.33% per annum (straight line)
Motor vehicles	25% per annum (straight line)

The gain or loss arising on the disposal of an asset is determined as the difference between the sale proceeds and the carrying value of the asset, and is credited or charged to the profit and loss account.

1.7 Fixed asset investments

Interests in subsidiaries are initially measured at cost and subsequently measured at cost less any accumulated impairment losses. The investments are assessed for impairment at each reporting date and any impairment losses or reversals of impairment losses are recognised immediately in the profit and loss account.

A subsidiary is an entity controlled by the company. Control is the power to govern the financial and operating policies of the entity so as to obtain benefits from its activities.

1.8 Impairment of fixed assets

At each reporting period end date, the company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). Where it is not possible to estimate the recoverable amount of an individual asset, the company estimates the recoverable amount of the cash-generating unit to which the asset belongs.

Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment annually, and whenever there is an indication that the asset may be impaired.

1.9 Stocks

Stocks are stated at the lower of cost and estimated selling price less costs to complete and sell. Cost comprises direct materials. No value is allocated to stocks of copier supplies (i.e. toner) in the field.

At each reporting date, an assessment is made for impairment. Any excess of the carrying amount of stocks over its estimated selling price less costs to complete and sell is recognised as an impairment loss in profit or loss. Reversals of impairment losses are also recognised in the profit and loss account.

1.10 Cash and cash equivalents

Cash and cash equivalents include cash in hand, deposits held at call with banks and other short-term liquid investments with original maturities of three months or less.

CAPITAL DOCUMENT SOLUTIONS LIMITED

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

FOR THE YEAR ENDED 31 MARCH 2018

1 Accounting policies

(Continued)

1.11 Financial instruments

The company has elected to apply the provisions of Section 11 'Basic Financial Instruments' and Section 12 'Other Financial Instruments Issues' of FRS 102 to all of its financial instruments.

Financial instruments are recognised in the company's balance sheet when the company becomes party to the contractual provisions of the instrument.

Financial assets and liabilities are offset, with the net amounts presented in the financial statements, when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis or to realise the asset and settle the liability simultaneously.

Basic financial assets

Basic financial assets, which include trade and other debtors and cash and bank balances, are initially measured at transaction price including transaction costs and are subsequently carried at amortised cost using the effective interest method.

Other financial assets

Other financial assets, including investments in equity instruments which are not subsidiaries, associates or joint ventures, are initially measured at fair value, which is normally the transaction price. Such assets are subsequently carried at fair value and the changes in fair value are recognised in profit or loss, except that investments in equity instruments that are not publicly traded and whose fair values cannot be measured reliably are measured at cost less impairment.

Impairment of financial assets

Financial assets, other than those held at fair value through the profit and loss account, are assessed for indicators of impairment at each reporting end date.

Derecognition of financial assets

Financial assets are derecognised only when the contractual rights to the cash flows from the asset expire or are settled, or when the company transfers the financial asset and substantially all the risks and rewards of ownership to another entity, or if some significant risks and rewards of ownership are retained but control of the asset has transferred to another party that is able to sell the asset in its entirety to an unrelated third party.

Classification of financial liabilities

Financial liabilities and equity instruments are classified according to the substance of the contractual arrangements entered into. An equity instrument is any contract that evidences a residual interest in the assets of the company after deducting all of its liabilities.

Basic financial liabilities

Basic financial liabilities, including trade and other creditors and bank loans, are initially recognised at transaction price unless the arrangement constitutes a financing transaction, where the debt instrument is measured at the present value of the future payments discounted at a market rate of interest.

Bank loans are subsequently carried at amortised cost, using the effective interest rate method.

Trade creditors are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Accounts payable are classified as current liabilities if payment is due within one year or less. If not, they are presented as non-current liabilities. Trade creditors are recognised initially at transaction price and subsequently measured at amortised cost using the effective interest method.

CAPITAL DOCUMENT SOLUTIONS LIMITED

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

FOR THE YEAR ENDED 31 MARCH 2018

1 Accounting policies

(Continued)

Derecognition of financial liabilities

Financial liabilities are derecognised when the company's contractual obligations expire or are discharged or cancelled.

1.12 Equity instruments

Equity instruments issued by the company are recorded at the proceeds received, net of direct issue costs. Dividends payable on equity instruments are recognised as liabilities once they are no longer at the discretion of the company.

1.13 Taxation

The tax expense represents the sum of the tax currently payable and deferred tax.

Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from net profit as reported in the profit and loss account because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are never taxable or deductible. The company's liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the reporting end date.

Deferred tax

Deferred tax liabilities are generally recognised for all timing differences and deferred tax assets are recognised to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits. Such assets and liabilities are not recognised if the timing difference arises from goodwill or from the initial recognition of other assets and liabilities in a transaction that affects neither the tax profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at each reporting end date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered. Deferred tax is calculated at the tax rates that are expected to apply in the period when the liability is settled or the asset is realised. Deferred tax is charged or credited in the profit and loss account, except when it relates to items charged or credited directly to equity, in which case the deferred tax is also dealt with in equity. Deferred tax assets and liabilities are offset when the company has a legally enforceable right to offset current tax assets and liabilities and the deferred tax assets and liabilities relate to taxes levied by the same tax authority.

1.14 Employee benefits

The costs of short-term employee benefits are recognised as a liability and an expense, unless those costs are required to be recognised as part of the cost of stock or fixed assets.

Where material, the cost of any unused holiday entitlement is recognised in the period in which the employee's services are received.

Termination benefits are recognised immediately as an expense when the company is demonstrably committed to terminate the employment of an employee or to provide termination benefits.

1.15 Retirement benefits

Payments to defined contribution retirement benefit schemes are charged as an expense as they fall due.

1.16 Share-based payments

The fair value of equity-settled share based payments to employees is determined at the date of grant and is expensed on a straight-line basis over the vesting period based on the company's estimate of shares or options that will eventually vest. Where this charge would be immaterial, no adjustment is made.

CAPITAL DOCUMENT SOLUTIONS LIMITED

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

FOR THE YEAR ENDED 31 MARCH 2018

1 Accounting policies

(Continued)

1.17 Own shares held by employee benefit trust

Transactions of the company-sponsored employee benefit trust are treated as being those of the company as the company has de facto control of the assets and liabilities of the trust and are therefore reflected in the company's financial statements. In particular, the trust's purchases and sales of the shares in the company are debited and credited equally to equity.

1.18 Maintenance agreements

Annual maintenance agreements with customers are paid for in advance and the income is credited to the statement of comprehensive income over the life of the agreement.

1.19 Consolidation

Capital Document Solutions Limited holds an investment in a number of immaterial subsidiaries which qualify for exemption from consolidation under section 405 of the Companies Act 2006.

2 Judgements and key sources of estimation uncertainty

In the application of the company's accounting policies, the directors are required to make judgements, estimates and assumptions about the carrying amount of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised where the revision affects only that period, or in the period of the revision and future periods where the revision affects both current and future periods.

Key sources of estimation uncertainty

The estimates and assumptions which have a significant risk of causing a material adjustment to the carrying amount of assets and liabilities are as follows.

Stock provisioning

The company's stock is reviewed regularly for evidence of obsolescence. Management's estimate of the required stock provision is based on the ageing of stock, physical inspection for obsolescence and knowledge of machines currently in the field, and therefore the spare parts that will be required to service these machines.

Useful life of goodwill

Management allocate a useful life to goodwill based on the expected life of customers acquired through the business combination. The profitability of these customers is reviewed annually, and this is taken into account when concluding on whether the remaining useful life remains relevant, or whether an impairment is required.

Revenue recognition

Included within turnover and cost of sales are amounts in relation to meter billing estimates. The company is required to estimate meter billing income based on prior usage of each individual customer.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED) FOR THE YEAR ENDED 31 MARCH 2018

3 Turnover and other revenue

An analysis of the company's turnover is as follows:

	2018 £	2017 £
Turnover analysed by class of business		
Sales of goods	9,933,483	10,242,924
Rendering of services	11,257,294	11,324,071
	<u>21,190,777</u>	<u>21,566,995</u>

	2018 £	2017 £
Other significant revenue		
Interest income	3,845	3,754
	<u>3,845</u>	<u>3,754</u>

	2018 £	2017 £
Turnover analysed by geographical market		
United Kingdom	<u>21,190,777</u>	<u>21,566,995</u>

4 Operating profit

	2018 £	2017 £
Operating profit for the year is stated after charging:		
Depreciation of owned tangible fixed assets	297,099	292,647
Amortisation of intangible assets	251,204	246,002
Cost of stocks recognised as an expense	9,400,990	9,700,027
	<u>9,949,293</u>	<u>10,238,676</u>

Amortisation of intangible assets is included within 'administrative expenses' on the face of the Statement of Comprehensive Income.

5 Auditor's remuneration

	2018 £	2017 £
Fees payable to the company's auditor and associates:		
For audit services		
Audit of the financial statements of the company	<u>18,900</u>	<u>18,350</u>
For other services		
Taxation compliance services	<u>3,900</u>	<u>3,750</u>

CAPITAL DOCUMENT SOLUTIONS LIMITED

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

FOR THE YEAR ENDED 31 MARCH 2018

6 Employees

The average monthly number of persons (including directors) employed by the company during the year was:

	2018 Number	2017 Number
Administration	45	46
Maintenance	103	111
Sales and distribution	53	58
	<u>201</u>	<u>215</u>

Their aggregate remuneration comprised:

	2018 £	2017 £
Wages and salaries	6,570,048	6,726,446
Social security costs	731,146	712,152
Pension costs	413,434	423,934
	<u>7,714,628</u>	<u>7,862,532</u>

7 Directors' remuneration

	2018 £	2017 £
Remuneration for qualifying services	740,156	735,932
Company pension contributions to defined contribution schemes	75,397	74,759
	<u>815,553</u>	<u>810,691</u>

The number of directors for whom retirement benefits are accruing under defined contribution schemes amounted to 7 (2017 - 7).

Remuneration disclosed above include the following amounts paid to the highest paid director:

	2018 £	2017 £
Remuneration for qualifying services	<u>234,587</u>	<u>233,634</u>

During the year, pension contributions in respect of the highest paid director was £nil (2017: £nil).

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

FOR THE YEAR ENDED 31 MARCH 2018

8 Interest payable and similar expenses

	2018	2017
	£	£
Interest on financial liabilities measured at amortised cost:		
Interest on bank overdrafts and loans	6,098	19,465
	<u>6,098</u>	<u>19,465</u>

9 Taxation

	2018	2017
	£	£
Current tax		
UK corporation tax on profits for the current period	279,863	271,622
Adjustments in respect of prior periods	(33,548)	(126)
	<u>246,315</u>	<u>271,496</u>
Deferred tax		
Origination and reversal of timing differences	(7,981)	9,187
Changes in tax rates	(23,147)	-
	<u>(31,128)</u>	<u>9,187</u>
Total current tax	<u>246,315</u>	<u>271,496</u>
Total deferred tax	<u>(31,128)</u>	<u>9,187</u>
Total tax charge	<u>215,187</u>	<u>280,683</u>

During the year, the UK corporation tax rate was decreased. There will be a further reduction in the main rate of corporation tax to 19% from 1 April 2017, as enacted on 18 November 2015.

The actual charge for the year can be reconciled to the expected charge for the year based on the profit or loss and the standard rate of tax as follows:

	2018	2017
	£	£
Profit before taxation	1,129,136	1,075,444
Expected tax charge based on the standard rate of corporation tax in the UK of 19.00% (2017: 20.00%)	214,536	215,089
Tax effect of expenses that are not deductible in determining taxable profit	7,996	8,021
Adjustments in respect of prior years	(33,548)	(126)
Effect of change in corporation tax rate	(22,209)	(484)
Tax adjustment on disallowed amortisation	48,412	58,183
Taxation for the year	<u>215,187</u>	<u>280,683</u>

CAPITAL DOCUMENT SOLUTIONS LIMITED

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED) FOR THE YEAR ENDED 31 MARCH 2018

10 Dividends

	2018 £	2017 £
Interim declared and paid	505,725	-

11 Intangible fixed assets

	Goodwill £	Software £	Total £
Cost			
At 1 April 2017 and 31 March 2018	1,830,313	906,518	2,736,831

At 31 March 2018	1,057,290	390,592	1,447,882
Carrying amount			
At 31 March 2018	773,023	515,926	1,288,949
At 31 March 2017	932,967	607,186	1,540,153

On 31 January 2013, the company purchased Highland Office Equipment Limited and on 31 March 2014, the trade and assets of the company were transferred to Capital Document Solutions Limited. As a result of this hive up, the company's investment in Highland Office Equipment Limited was written down to the value of Highland Offices Equipment Limited's reserves at acquisition, net of dividends received by Capital Document Solutions Limited in the period. Subsequently a transfer was made from investments to goodwill in the company's balance sheet. Goodwill is amortised over a period of 10 years, being the estimated useful life.

A further consequence of transfer of trade and assets of Highland Office Equipment Limited is that, with the trade and assets now in Capital Document Solutions Limited, the company holds an investment in an immaterial subsidiary (and additional dormant subsidiaries) which qualifies for exemption from consolidation under section 405 of the Companies Act 2006.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

FOR THE YEAR ENDED 31 MARCH 2018

23 Share-based payment transactions

	Number of share options		Weighted average exercise price	
	2018 Number	2017 Number	2018 £	2017 £
Outstanding at 1 April 2017	2,638	3,516	12.25	11.98
Forfeited	-	(878)	-	12.25
Exercised	(950)	-	12.25	-
Outstanding at 31 March 2018	1,688	2,638	12.25	12.25

Options lapse when employees leave the company. There are no vesting conditions.

The options outstanding at 31 March 2018 had an exercise price of £12.25.

In 2015, 410 options over Z-shares were granted at an exercise price of £0.10 per share. 10 share options were forfeited in the current year, (2017: 20 share options), leaving 380 Z-shares as at 31 March 2018. Z-shares hold no distribution rights and return on capital is subject to a future company valuation.

24 Share capital

	2018 £	2017 £
Ordinary share capital		
Issued and fully paid		
63,119 Ordinary shares of £1 each	63,119	63,119
105,600 A Ordinary shares of £1 each	105,600	105,600
	168,719	168,719

Ordinary shares and A Ordinary shares rank pari passu in all respects. The holders are entitled to one vote per share at meetings of the company and are entitled to receive dividends as declared and, with the exception of EBT shares. EBT shares are not entitled to a dividend.

25 Reserves

Share premium

This represents any premiums received on issue of share capital. Any transaction costs associated with the issue of shares are deducted from share premium.

Capital redemption reserve

The capital redemption reserve was created on the buy-back of shares by the Company and represents the nominal value of these shares.

Own shares

The own share reserve represent the value of shares purchased by the employee benefit trust.

Called up share capital

This represents the nominal value of shares that have been issued.
