Leisure Inns (UK) Limited
Notes to the Abbreviated Accounts
for the year ended 30 September 2012

1 Accounting policies

Accounting convention

The accounts have been prepared under the historical cost convention modified to include the revaluation of freehold land and buildings and in accordance with the Financial Reporting standard for Smaller Entities (effective April 2008).

Turnover

Turnover represents the invoiced value of goods and services supplied by the company, net of value added tax and trade discounts.

Tangible fixed assets and depreciation

Tangible fixed assets are stated at cost or valuation less depreciation. Depreciation has been provided at the following rates in order to write off the assets over their estimated useful lives.

Fixtures and fittings	20% reducing balance
-----------------------	----------------------

Investment properties are valued by Chartered Surveyors on an existing use on an open market value basis every 5 years, and by the directors annually in between. Depreciation is provided only on those investment properties which are leasehold and where the unexpired lease term is less than 20 years.

Although this accounting policy is in accordance with the Financial Reporting standard for Smaller Entities, it is a departure from the general requirement of the Companies Act 2006 for all tangible assets to be depreciated. In the opinion of the directors compliance with the standard is necessary for the financial statements to give a true and fair view. Depreciation or amortisation is only one of the many factors reflected in the annual valuation and the amount of this which might otherwise have been charged cannot be separately identified or quantified.

Deferred taxation

Deferred tax is provided in full in respect of taxation deferred by timing differences between the treatment of certain items for taxation and accounting purposes. The deferred tax balance has not been discounted.

No provision has been made for deferred tax on gains recognised on revaluing property to its market value as the company does not intend to sell the revalued assets.
