DUNBAR MANAGEMENT INVESTMENTS LIMITED

NOTES TO THE ABBREVIATED ACCOUNTS FOR THE YEAR ENDED 30 JUNE 2016

1. ACCOUNTING POLICIES

1.1 Basis of preparation of financial statements

The full financial statements, from which these abbreviated accounts have been extracted, have been prepared under the historical cost convention as modified by the revaluation of investment properties and in accordance with the Financial Reporting Standard for Smaller Entities (effective January 2015).

The company is the parent undertaking of a small group and as such is not required by the Companies Act 2006 to prepare group accounts. These financial statements therefore present information about the company as an individual undertaking and not about its group.

1.2 Turnover

The turnover shown in the profit and loss account represents management charges, service charges and rents receivable invoiced during the year, exclusive of Value Added Tax.

1.3 Tangible fixed assets and depreciation

Tangible fixed assets are stated at cost or valuation less depreciation. Depreciation is provided at rates calculated to write off the cost or valuation of fixed assets, less their estimated residual value, over their expected useful lives on the following bases:

Office equipment	-	15% straight line
Property improvements	-	10% straight line

1.4 Investment properties

Investment properties are included in the Balance sheet at their open market value in accordance with the Financial Reporting Standard for Smaller Entities (effective January 2015) and are not depreciated. This treatment is contrary to the Companies Act 2006 which states that fixed assets should be depreciated but is, in the opinion of the directors, necessary in order to give a true and fair view of the financial position of the company.

1.5 Stocks

Stocks are valued at the lower of cost and net realisable value after making due allowance for obsolete and slow-moving stocks. Cost includes all direct costs and an appropriate proportion of fixed and variable overheads.

FOR THE YEAR ENDED 30 JUNE 2016**

1. ACCOUNTING POLICIES (continued)

1.6 Deferred taxation

Full provision is made for deferred tax assets and liabilities arising from all timing differences between the recognition of gains and losses in the financial statements and recognition in the tax computation.

Deferred tax is not provided on timing differences arising from the revaluation of fixed assets in the financial statements.

A net deferred tax asset is recognised only if it can be regarded as more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted.

Deferred tax assets and liabilities are calculated at the tax rates expected to be effective at the time the timing differences are expected to reverse.

Deferred tax assets and liabilities are not discounted.
