DIRECTORS' REPORT

The directors submit their report and the financial statements of Delnabo Estate Limited for the year ended 31 January 1995.

DIRECTORS' RESPONSIBILITIES

Company law requires the directors to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing those financial statements, the directors are required to select suitable accounting policies and then apply them consistently; make judgements and estimates that are reasonable and prudent; and prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the company and to enable them to ensure that the financial statements comply with the Companies Act 1985. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

RESULTS AND DIVIDENDS

The loss for the year, after taxation, was £41,960 (1994 £47,353).

The directors do not recommend the payment of a final dividend for this year.

REVIEW OF THE BUSINESS

The company's principal activities during the year was the management of Delnabo Estate.

FIXED ASSETS

The movements in fixed assets are shown in note 4 to the financial statements.

DIRECTORS

The directors who have held office since 1 February 1994 are shown on page 1.

REPORT OF THE AUDITORS TO THE SHAREHOLDERS

We have audited the financial statements on pages 5 to 10.

Respective Responsibilities of Directors and Auditors

As described in the directors' report on page 2, the company's directors are responsible for the preparation of financial statements. It is our responsibility to form an independent opinion, based on our audit, on those statements and to report our opinion to you.

Basis of Opinion

We conducted our audit in accordance with Auditing Standards issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgements made by the directors in the preparation of the financial statements, and of whether the accounting policies are appropriate to the company's circumstances, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or other irregularity or error. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the financial statements.

Opinion

In our opinion the financial statements give a true and fair view of the state of affairs of the company as at 31 January 1995 and of its loss for the year then ended and have been properly prepared in accordance with the provisions of the Companies Act 1985 applicable to small companies.

ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements have been prepared under the historical cost convention.

TURNOVER

Turnover represents the invoiced amounts of goods sold net of Value Added Tax.

TANGIBLE FIXED ASSETS

Tangible fixed assets are stated at cost less depreciation.

Depreciation is provided on all tangible fixed assets, except land and buildings, at rates calculated to write off the cost or valuation, less estimated residual value, of each asset evenly over its expected useful life, as follows:

Furniture and fittings	- 15% pa on the reducing balance basis
Motor vehicles	- 25% pa on the reducing balance basis
Plant and equipment	- 25% pa on the reducing balance basis

No depreciation is provided on land and buildings as the directors are of the opinion that the assets are maintained in such condition that their residual value is in excess of the net book value.

GOVERNMENT GRANTS

Grants of a revenue nature are credited to income in the period to which they relate.

STOCKS

Stocks are valued at the lower of cost and net realisable value.

Cost means purchase price including transport and handling costs, less trade discounts, calculated on a first in first out basis.

Net realisable value is based on estimated selling price less further costs expected to be incurred to completion and disposal.

DEFERRED TAXATION

Provision is made, using the liability method, for taxation in respect of items where there is a timing difference between their treatment for accounts and taxation purposes if, in the opinion of the directors, it is probable that a material tax liability will crystallise in the foreseeable future.
