Statement of directors' responsibilities in respect of the Directors' Report and the financial statements

The directors are responsible for preparing the Directors' Report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law they have elected to prepare the financial statements in accordance with UK Accounting Standards and applicable law (UK Generally Accepted Accounting Practice).

Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgments and estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the company and to prevent and detect fraud and other irregularities.

1 Accounting policies

A summary of the principal accounting policies, all of which have been applied consistently throughout the year and in the preceding year, is set out below.

a) Basis of accounting

The financial statements are prepared under the historical cost convention, and in accordance with applicable accounting standards. The company has taken advantage of the exemption from preparing consolidated accounts afforded by Section 400 of the Companies Act 2006. These financial statements present information about the company as an individual undertaking and not about its group.

b) Tangible fixed assets and depreciation

Tangible fixed assets are stated at cost less accumulated depreciation. Depreciation is provided to write off the cost, less estimated residual value of tangible fixed assets by equal instalments over their expected useful economic lives as follows:

Buildings - 2% per annum

No depreciation is provided on freehold land.

c) Taxation

The charge for taxation is based on the result for the year and takes into account taxation deferred because of timing differences between the treatment of certain items for taxation and accounting purposes. A deferred tax asset is only recognised to the extent that it is probable the company will have sufficient taxable profits from which the future reversal of the underlying timing differences can be deducted.

d) Cash flow statement

Under Financial Reporting Standard 1 the company is exempt from the requirement to prepare a cash flow statement on the grounds of its size.

e) Investments

Investments are stated at cost, less provision for impairment.
