NOTES TO THE ABBREVIATED ACCOUNTS
FOR THE YEAR ENDED 31 MARCH 2014

1. ACCOUNTING POLICIES

Basis of preparing the financial statements

The company has incurred losses for a number of years and ceased trading on 31 March 2014. The director is seeking to dispose of the company's freehold property and intends to continue to support the company via his loan account until the disposal takes place. The accounts have therefore been prepared on a basis other than going concern but the director does not believe that any adjustments to the company's assets or liabilities are required as a result.

Accounting convention

The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

Turnover

Turnover represents net invoiced sales of goods. Turnover is recognised when the company has obtained right of consideration.

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Land and buildings - 2% on cost

Stocks

Stocks are valued at the lower of cost and net realisable value, after making due allowance for obsolete and slow moving items.

Deferred tax

Full provision has been made for deferred taxation in respect of timing differences that have originated but not reversed at the balance sheet date, at rates expected to apply when they crystallise, based on current tax rates and law. Deferred tax assets are recognised to the extent that their recoverability is more likely than not. Deferred tax assets and liabilities are not discounted.
