ARNBROOK INVESTMENTS LIMITED

DIRECTOR'S REPORT FOR THE YEAR ENDED 31 JANUARY 2011

The director presents his annual report and the financial statements of the group for the year ended 31 January 2011.

RESULTS AND DIVIDENDS

The results for the year and the financial position of the group are shown in the annexed financial statements. A dividend of £95,000 was paid during the year (2010: £135,000).

REVIEW OF BUSINESS

The group engages in construction and the director expects this activity to continue for the foreseeable future.

The current year is expected to present challenges due to the economic downturn in the construction sector.

KEY PERFORMANCE INDICATORS

The director regards turnover and gross profit percentage as key performance indicators. In the year under review the group's turnover fell by 14% to £7.5million, mainly due to the economic climate.

PRINCIPAL RISKS AND UNCERTAINTIES

The principal risks affecting the continuing growth of the group include the current economic downturn and the level of competition for available work.

FIXED ASSETS

The changes in fixed assets during the year are summarised in the notes to the financial statements. The director considers that the market value of land and buildings is not less than the balance sheet value.

THE DIRECTOR AND HIS INTERESTS

The director of the group who served during the year was AJ O'Neill.

ARNBROOK INVESTMENTS LIMITED

DIRECTOR'S REPORT FOR THE YEAR ENDED 31 JANUARY 2011 (cont)

DIRECTOR'S RESPONSIBILITIES

The director is responsible for preparing the Director's Report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Standards and applicable law). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the group and company and of the profit or loss of the group for that period. In preparing those financial statements, the directors are required to:

- Select suitable accounting policies and then apply them consistently;
- Make judgements and estimates that are reasonable and prudent;
- Prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The director is responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and group and enable them to ensure that the financial statements comply with the Companies Act 2006. He is also responsible for safeguarding the assets of the company and group and hence to take reasonable steps for the prevention and detection of fraud and other irregularities.

DISCLOSURE OF INFORMATION TO AUDITORS

To the knowledge and belief of the director, there is no relevant information that the group's auditors are not aware of, and the director has taken all the steps necessary to make himself aware of any relevant information, and to establish that the company's auditors are aware of the information.

AUDITORS

The auditors, Scott-Moncrieff, will be proposed for reappointment in accordance with section 485 of the Companies Act 2006.

Signed on behalf of the board

AJ O'Neill
Director

Approved by the board on 6 October 2011

ARNBROOK INVESTMENTS LIMITED

INDEPENDENT AUDITORS' REPORT TO THE MEMBER OF ARNBROOK INVESTMENTS LIMITED

We have audited the financial statements of Arnbrook Investments Limited for the year ended 31 January 2011 which comprise the group profit and loss account, group balance sheet, group cash flow statement, company balance sheet and related notes. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

This report is made solely to the group's and parent company's member in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the group's and parent company's member those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the group's and parent company's member, for our audit work, for this report, or for the opinions we have formed.

RESPECTIVE RESPONSIBILITIES OF THE DIRECTOR AND AUDITORS

As explained more fully in the Director's Responsibilities Statement set out on page 3, the director is responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view. Our responsibility is to audit the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

SCOPE OF THE AUDIT OF THE FINANCIAL STATEMENTS

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of: whether the accounting policies are appropriate to the group's circumstances and have been consistently applied and adequately disclosed; the reasonableness of significant accounting estimates made by the director; and the overall presentation of the financial statements.

BASIS FOR QUALIFIED OPINION ON FINANCIAL STATEMENTS

As disclosed in note 21 the defined benefit pension scheme of the subsidiary company closed to future accrual on 31 January 2008 and the directors have not obtained a valuation at 31 January 2011 under Financial Reporting Standard 17 Retirement Benefits (FRS 17). The subsidiary company should obtain an annual FRS 17 valuation of the pension scheme and incorporate the resultant surplus or deficit into the financial statements in accordance with FRS 17. In the year ended 31 January 2005 the subsidiary company did obtain an FRS 17 valuation which disclosed a deficit in the scheme of £3,893,000 offset by the related deferred tax asset of £1,169,000 giving a net pension liability of £2,729,000. Following full implementation of FRS 17 this deficit should have been reflected in the 2005 balance sheet as a prior year restatement.

The directors of the subsidiary company obtained a full Triennial valuation of the scheme as at 1 February 2008. This shows a deficit of £2,652,000, offset by a related deferred tax asset of £743,000, giving a net pension liability of £1,909,000.

INDEPENDENT AUDITORS' REPORT TO THE MEMBER OF ARNBROOK INVESTMENTS LIMITED (cont)

QUALIFIED OPINION ON FINANCIAL STATEMENTS

In our opinion, except for the effects of the matter described in the Basis for Qualified Opinion paragraph, the financial statements:

- give a true and fair view of the state of the group's and parent company's affairs as at 31 January 2011 and of the group's loss for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

OPINION ON OTHER MATTER PRESCRIBED BY THE COMPANIES ACT 2006

In our opinion the information given in the Director's Report for the financial year for which the financial statements are prepared is consistent with the financial statements.

MATTERS ON WHICH WE ARE REQUIRED TO REPORT BY EXCEPTION

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

ARNBROOK INVESTMENTS LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR YEAR ENDED 31 JANUARY 2011

1. ACCOUNTING POLICIES

Accounting Convention

The financial statements have been prepared under the historical cost convention modified to include the revaluation of investment properties.

Going Concern

The group has sufficient cash reserves and net assets to ensure that it can remain in operational existence for a period of at least 12 months from the date that these financial statements have been approved. As a consequence it is deemed appropriate to have these financial statements prepared on a going concern basis.

Preparation of group financial statements

The group financial statements consolidate the accounts of Arnbrook Investments Limited and its subsidiary undertaking. No profit and loss account is presented for Arnbrook Investments Limited as permitted by section 408 of the Companies Act 2006.

When a subsidiary is acquired during the year, its results are included in the profit and loss account from the date of acquisition. Negative goodwill arising on acquisitions is not amortised.

Depreciation of tangible fixed assets

Depreciation is provided on plant, equipment and vehicles at rates between 12.5% and 33.33% calculated to write off the full cost of the assets by equal annual instalments over their estimated useful lives taking account of their residual values.

The land element of heritable property is not depreciated. Buildings are estimated to have a useful life in excess of 50 years and are subject to an annual impairment review.

Investments

Investments are stated at cost less provision for diminution in value if such diminution is deemed to be permanent.

Stock and Work in Progress

Raw materials and consumables are stated at the lower of cost and net realisable value. The net realisable value of construction work in progress, which includes attributable profit on contracts and is determined on the basis of measured work to the balance sheet date, is included in debtors. Deductions are made for net foreseeable losses and progress payments received. Payments received in excess of net realisable value on a contract are included in creditors.

ARNBROOK INVESTMENTS LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR YEAR ENDED 31 JANUARY 2011

1. ACCOUNTING POLICIES (cont)

Hire Purchase and Leasing Commitments

Assets obtained under hire purchase contracts are capitalised in the balance sheet and are depreciated over their useful lives. The interest element of the rental obligation is charged to profit and loss account over the period of the hire. Rentals paid under operating leases are charged against income as incurred.

Pension Fund

Pension benefits are funded by payments to trustee administered funds. The cost of providing benefits is charged to the profit and loss account annually.

2. TURNOVER

Turnover represents the value of goods and services supplied by the group, excluding value added tax, in the case of long term contracts the value of work done during the year and amounts realised on secured loans.

21. PENSION SCHEME

For a number of years the subsidiary company has operated a pension scheme providing benefits based on final pensionable salary. That scheme closed to future accrual on 31 January 2008. As the scheme is governed by trust deed, the scheme's assets are held separately from those of the subsidiary company. On 1 February 2006 a replacement scheme for former active members of the old scheme was introduced and benefits are money purchase based. Both the subsidiary company and member employees contribute to this new scheme.

The last completed triennial actuarial valuation of the old scheme was carried out as at 1 February 2008. On that date the value of the scheme assets was £7.054m. Measured against the statutory funds objective the funding level was 73%. The principal assumptions used in the "ongoing" valuation were as follows:

Discount interest rate (pre-retirement)	6.0%
Discount interest rate (post-retirement)	5.5%
Inflation	3.0%

Post retirement pensions accrued in respect of service after 6 April 1997 are increased in line with RPI subject to a maximum of 5.0% per annum with an assumed inflation of 3%.

The pension cost charged to the profit and loss account of the subsidiary company for the year was £250,940 (2010: £295,435).

The directors felt that a valuation under Financial Reporting Standard "FRS 17 Retirement Benefits" at the balance sheet date would not provide an accurate or relevant summary of the funding position of the scheme. Therefore a FRS 17 valuation was not carried out.

The subsidiary company continues to make contributions to the closed scheme in line with the Schedule of Contributions as certified by the scheme actuary.

22. PAYMENTS DUE WITHIN ONE YEAR UNDER OPERATING LEASES

	2011 £	2010 £
