1 Accounting policies

a) Basis of accounting

The financial statements are prepared on the historical cost basis of accounting and have been prepared in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

The accounts have been prepared on the going concern basis. This is dependent upon the continued financial support of the director, which has been indicated for the next period of account of the company.

b) Turnover

Turnover is accounted for as revenue when, and to the extent that, the company obtains a right to consideration in exchange for its performance of its obligations under the sales contract with the customer. The amount reported as revenue is the fair value of the right to consideration - usually the price specified in the contractual arrangement net of discounts and net of VAT, and after any allowance for credit risk and other uncertainties.

c) Pension scheme

The company operates a pension scheme on behalf of its employees. Contributions payable to the company's pension scheme are charged to the profit and loss account in the period to which they relate.
