Company law requires the directors to prepare financial statements for each financial year that give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. The directors are required to prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors confirm that suitable accounting policies have been used and applied consistently. They also confirm that reasonable and prudent judgements and estimates have been made in preparing the financial statements for the year ended 31 March 2003 and that applicable accounting standards have been followed.

The directors are responsible for keeping proper accounting records that disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 1985. Independent auditors' report to the members of Stirling Water Seafeld Finance Plc

We have audited the financial statements which comprise the profit and loss account, the balance sheet and the related notes.

Respective responsibilities of directors and auditors

The directors' responsibilities for preparing the annual report and the financial statements in accordance with applicable United Kingdom law and accounting standards are set out in the statement of directors' responsibilities.

Our responsibility is to audit the financial statements in accordance with relevant legal and regulatory requirements and United Kingdom auditing standards issued by the Auditing Practices Board. This report, including the opinion, has been prepared for and only for the company's members as a body in accordance with Section 235 of the Companies Act 1985 and for no other purpose. We do not, in giving this opinion, accept or assume responsibility for any other purpose or to any other person to whom this report is shown or into whose hands it may come save where expressly agreed by our prior consent in writing.

We report to you our opinion as to whether the financial statements give a true and fair view and are properly prepared in accordance with the Companies Act 1985. We also report to you if, in our opinion, the directors' report is not consistent with the financial statements, if the company has not kept proper accounting records, if we have not received all the information and explanations we require for our audit, or if information specified by law regarding directors' remuneration and transactions is not disclosed.

Basis of audit opinion

We conducted our audit in accordance with auditing standards issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgements made by the directors in the preparation of the financial statements, and of whether the accounting policies are appropriate to the company's circumstances, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or other irregularity or error. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the financial statements.

Opinion

In our opinion the financial statements give a true and fair view of the state of the company's affairs at 31 March 2003 and of its result for the year then ended and have been properly prepared in accordance with the Companies Act 1985.

Notes to the financial statements for the year ended 31 March 2003**1 Accounting policies**

These financial statements are prepared on the going concern basis, under the historical cost convention and in accordance with the Companies Act 1985 and applicable accounting standards. The principal accounting policies are set out below.

Taxation

The charge or credit for taxation is based on the result for the period as adjusted for disallowable and non taxable items.

Consideration receivable or payable in respect of losses surrendered or claimed by way of group relief is dealt with in the profit and loss account.

Tax deferred or accelerated is accounted for in accordance with the requirements of Financial Reporting Standard (FRS) 19 'Deferred taxation'. Under FRS19, the policy on deferred taxation is to make provision for deferred tax assets and liabilities arising from timing differences between the recognition of gains and losses in the financial statements and their recognition in the tax computation. Deferred tax liabilities are recognised in full as they arise. Deferred tax assets are recognised to the extent that the directors can foresee recovery with reasonable certainty. Provision is made at the rate which is expected to apply when the liability or asset is expected to crystallise.

Financial instruments

The company's financial instruments include fixed rate sterling denominated bonds and debtors.
