The Company is entitled to exemption from audit under Section 477 of the Companies Act 2006 for the year ended 30 September 2014.

The members have not required the Company to obtain an audit of its financial statements for the year ended 30 September 2014 in accordance with Section 476 of the Companies Act 2006.

The directors acknowledge their responsibilities for:

(a) ensuring that the Company keeps accounting records which comply with Sections 386 and 387 of the Companies Act 2006 and

(b) preparing financial statements which give a true and fair view of the state of affairs of the Company as at the end of each financial year and of its profit or loss for each financial year in accordance with the requirements of Sections 394 and 395 and which otherwise comply with the requirements of the Companies Act 2006 relating to financial statements, so far as applicable to the Company.

The notes form part of these abbreviated accounts

ABBREVIATED BALANCE SHEET - continued
30 SEPTEMBER 2014

The abbreviated accounts have been prepared in accordance with the special provisions of Part 15 of the Companies Act 2006 relating to small companies.

The financial statements were approved by the Board of Directors on 3 March 2015 and were signed on its behalf by:

D J Miller - Director

N McKinlay - Director

The notes form part of these abbreviated accounts

1. **ACCOUNTING POLICIES**

Accounting convention
The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

Exemption from preparing a cash flow statement
The Company has adopted the Financial Reporting Standard for Smaller Entities (effective April 2008) and is consequently exempt from the requirement to include a cash flow statement in the financial statements.

Turnover
The turnover shown in the profit and loss account represents the value of all goods sold during the year, less returns received, at selling price exclusive of Value Added Tax. Sales are recognised at the point at which the Company has fulfilled its contractual obligations and the risks and rewards attaching to the product, have been transferred to the customer.

Tangible fixed assets
Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life or, if held under a finance lease, over the lease term, whichever is the shorter.

Improvements to property	- 10% on cost
Plant and machinery	- 15% on cost
Fixtures and fittings	- 20% to 33.3% on cost
Motor vehicles	- 25% on cost
Computer equipment	- 25% on cost

Tangible fixed assets are stated at the cost less depreciation. Cost represents purchase price together with any incidental costs of acquisition.

Hire purchase agreements
Assets held under hire purchase agreements are capitalised and disclose under tangible fixed assets at their fair value, and are depreciated in accordance with the disclosed depreciation policies.

Future instalments payable under such agreements, net of finance charges, are included within creditors. Rentals payable are apportioned between the capital element, which reduces the outstanding obligation included within creditors, and the finance element, which is charged to the profit and loss account on a straight line basis.

Operating lease agreements
Rentals applicable to operating leases where substantially all of the benefits and risks of ownership remain with the lessor are charged against profits on a straight line basis over the period of lease,

Pension costs
The company operates a defined contribution pension scheme for employees. The assets of the scheme are held separately from those of the company. The annual contributions payable are charges to the profit and loss account.

Financial instruments
Financial instruments are classified and accounted for as financial assets, financial liabilities or equity instruments, according to the substance of the contractual arrangement.

Financial instruments which are assets are stated at cost less any provision for impairment. Financial liabilities are stated at principal capital amounts outstanding at the period end. Issue costs relating to financial liabilities are deducted from the outstanding balance and are amortised over the period to the due date for repayment of the financial liability.

An equity instrument is any contract that evidences a residual interest in the assets of the company after deducting all of its liabilities. A financial liability is any contractual arrangement for an entity to deliver cash to the holder of the associated financial instrument.

1. **ACCOUNTING POLICIES - continued**

Deferred tax
Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events have occurred at that date that will result in an obligation to pay more tax, or a right to pay less tax, or a right to receive repayments of tax.

Deferred tax assets are recognised inly to the extent that the directors consider it more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted.

Deferred tax is measured on a non-discounted basis at the average tax rates that are expected to apply in the periods in which timing differences reverse, based on tax rates and laws enacted or substantively enacted at the balance sheet date.

2. **TANGIBLE FIXED ASSETS**

	Total
	£
COST	
At 1 October 2013	118,296
Additions	28,860
