The company is entitled to exemption from audit under Section 477 of the Companies Act 2006 for the year ended 30 April 2017.

The members have not required the company to obtain an audit of its financial statements for the year ended 30 April 2017 in accordance with Section 476 of the Companies Act 2006.

The director acknowledges his responsibilities for:

- (a) ensuring that the company keeps accounting records which comply with Sections 386 and 387 of the Companies Act 2006 and preparing financial statements which give a true and fair view of the state of affairs of the company as at the end of each financial year and of its profit or loss for each financial year in accordance with the requirements of Sections 394 and 395 and which otherwise comply with the requirements of the Companies Act 2006 relating to financial statements, so far as applicable to the company.
- (b)

The financial statements have been prepared and delivered in accordance with the provisions of Part 15 of the Companies Act 2006 relating to small companies.

In accordance with Section 444 of the Companies Act 2006, the Income Statement has not been delivered.

BALANCE SHEET - continued
30 APRIL 2017

The financial statements were approved by the director on 30 January 2018 and were signed by:

G Maginn - Director

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 APRIL 2017**

1. STATUTORY INFORMATION

Chirmorrie Enterprises Ltd. is a private company, limited by shares, registered in Scotland. The company's registered number and registered office address can be found on the Company Information page.

The presentation currency of the financial statements is the Pound Sterling (£).

2. ACCOUNTING POLICIES

Basis of preparing the financial statements

These financial statements have been prepared in accordance with the provisions of Section 1A "Small Entities" of Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" and the Companies Act 2006. The financial statements have been prepared under the historical cost convention.

Going concern

At 30 April 2017 the company has net current liabilities of £463,338 (2016: £471,002) and has a net deficit on its reserves of £345,969 (2016: £362,193). The company is reliant on the continued support of its director and its related party; Clanua Limited, a company incorporated in Northern Ireland, to ensure it can meet its liabilities as they fall due.

The director has indicated that he will continue to support the company and that he has a reasonable expectation that the support of the related party will be available for at least one year from the date of signing these financial statements. Consequently, the financial statements have been prepared on a going concern basis. The financial statements do not include any adjustments which would result if the support was withdrawn..

Significant judgements and estimates

In preparing these financial statements the director has made the following judgements:

Establish whether there are indicators of impairment of the company's tangible assets. Factors taken into consideration in reaching such a decision include the economic viability and expected future financial performance of the asset and the business in general.

Consider the valuation of stock and the need for impairment provisions. These considerations are undertaken regularly by the director, and especially at the year end date. Factors taken into account include historical experience, current market conditions and knowledge of the sector.

The director also considers the depreciation rates on an annual basis to ensure there is sufficient evidence to support these and that the estimates remains reasonable.

Turnover

Turnover is measured at the fair value of the consideration received or receivable, excluding discounts, rebates, value added tax and other sales taxes.

Intangible assets

Intangible assets are initially measured at cost. After initial recognition, intangible assets are measured at cost less any accumulated amortisation and any accumulated impairment losses.

Quota are being amortised evenly over their estimated useful life of nil years.

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Freehold land & buildings	- not provided
Plant and machinery	- 25% on reducing balance

2. ACCOUNTING POLICIES - continued

Stocks

Stocks are valued at the lower of cost and net realisable value, after making due allowance for obsolete and slow moving items.

Financial instruments

All financial instruments of the company are considered to meet the definition of basic financial instruments.

- Short term debtors and creditors

Debtors and creditors with no stated interest rate and are receivable or payable on demand are recognised at transaction price, and subject to annual impairment reviews. Any losses arising on impairment are recognised in the profit and loss account.

- Cash and cash equivalents

Cash and cash equivalents comprise cash at bank and in hand.

- Loans and borrowings

All loans and borrowings are initially recorded at the present value of cash payable to the lender in settlement of the liability discounted at the market interest rate. Subsequently loans and borrowings are stated at amortised cost using the effective interest rate method. The computation of amortised cost includes any issue costs, transaction costs and fees, and any discount or premium on settlement, and the effect of this is to amortise these amounts over the expected borrowing period. Loans with no stated interest rate and repayable within one period or on demand are not amortised. Loans and borrowings are classified as current liabilities unless the borrower has an unconditional right to defer settlement of the liability for at least 12 months after the financial period end date.

Taxation

Taxation for the year comprises current and deferred tax. Tax is recognised in the Income Statement, except to the extent that it relates to items recognised in other comprehensive income or directly in equity.

Current or deferred taxation assets and liabilities are not discounted.

Current tax is recognised at the amount of tax payable using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

Timing differences arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in financial statements. Deferred tax is measured using tax rates and laws that have been enacted or substantively enacted by the year end and that are expected to apply to the reversal of the timing difference.

Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

Pension costs and other post-retirement benefits

The company operates a defined contribution pension scheme. Contributions payable to the company's pension scheme are charged to profit or loss in the period to which they relate.

3. EMPLOYEES AND DIRECTORS

The average number of employees during the year was 1 .
