Notes to the Financial Statements
for the Period 8th September 1999 to 31st August 2000

1. ACCOUNTING POLICIES

Basis of preparing the financial statements

The company receives the largest part of its funding from the Scottish Arts Council and is dependent upon that grant for its continuing survival. In its unincorporated form prior to 8th September 1999, in the period to 31st August 1999 it received a loan from Mr & Mrs John Dunn. There is a balance of that loan remaining to be paid which the Company has, within its powers, agreed to adopt together with its pre existing repayment terms and conditions. There is no certainty that the company will continue to receive support from the Scottish Arts Council except on a year by year basis. Mr & Mrs Dunn have indicated that they will not require repayment of their loan earlier than the planned repayment date. On balance, we consider it reasonable that the accounts should be prepared on a going concern basis.

Accounting convention

The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective March 2000).

Turnover

Turnover represents net income and fees from performances and sales of recordings excluding value added tax.

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Asset group	Rate	Method
Office Equipment	33.33%	Reducing Balance

Stocks

Stock is valued at the lower of cost and net realisable value, after making due allowance for obsolete and slow moving items.

Deferred taxation

Provision is made at current rates for taxation deferred in respect of all material timing differences except to the extent that, in the opinion of the directors, there is reasonable probability that the liability will not arise in the foreseeable future.

2. OTHER OPERATING INCOME

Other Operating income comprises that portion of grant received from the Scottish Arts Council during the period covered by these accounts and interest earned on cash balances at bank.
