1.2. Turnover

Turnover represents the total invoice value, excluding value added tax, of sales made during the year.

1.3. Tangible fixed assets and depreciation

Fixed assets are stated at cost. Depreciation is provided at rates calculated to write off the cost less residual value of each asset over its expected useful life, as follows:

Leasehold properties	-	Over the term of the lease
Fixtures, fittings and equipment	-	20% per annum on cost to 33 1/3% per annum on cost

1.4. Leasing

Rentals payable under operating leases are charged against income on a straight line basis over the lease term.

1.5. Pensions

1.6. Deferred taxation

Deferred tax is provided in full on all material timing differences that have originated but not reversed at the balance sheet date. A deferred tax asset is regarded as recoverable and therefore recognised only when, on the basis of all available evidence, it can be regarded as more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted. Deferred tax assets and liabilities are not discounted.

1.7. Government grants

Grants towards capital expenditure are credited to deferred income and released to the profit and loss account over the expected useful economic life of the asset.

Grants towards revenue expenditure are released to the profit and loss account as the related expenditure is incurred.
