Profit and loss account		**(7,493)**	(10,108)
SHAREHOLDERS' FUNDS		**1,270,780**	518,165

The directors are satisfied that the company is entitled to exemption from the provisions of the Companies Act 1985 (the Act) relating to the audit of the financial statements for the year by virtue of section 249A(1), and that no member or members have requested an audit pursuant to section 249B(2) of the Act

The directors acknowledge their responsibilities for

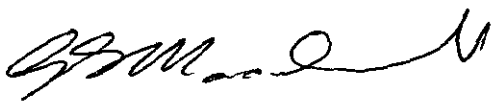

(i) ensuring that the company keeps proper accounting records which comply with section 221 of the Act, and

(ii) preparing financial statements which give a true and fair view of the state of affairs of the company as at the end of the financial year and of its profit or loss for the financial year in accordance with the requirements of section 226, and which otherwise comply with the requirements of the Act relating to financial statements, so far as applicable to the company.

These abbreviated accounts have been prepared in accordance with the special provisions for small companies under Part VII of the Companies Act 1985.

These abbreviated accounts were approved by the directors on 22 January 2007 and are signed on their behalf by

MR G MACDONALD

The notes on pages 3 to 5 form part of these abbreviated accounts.

1. ACCOUNTING POLICIES

Basis of accounting

The financial statements have been prepared under the historical cost convention, modified to include the revaluation of certain fixed assets, and in accordance with the Financial Reporting Standard for Smaller Entities (effective January 2005)

Consolidation

In the opinion of the directors, the company and its subsidiary undertakings comprise a small group The company has therefore taken advantage of the exemption provided by Section 248 of the Companies Act 1985 not to prepare group accounts.

Turnover

The turnover shown in the profit and loss account represents amounts invoiced during the year, exclusive of Value Added Tax

In respect of long term contracts and contracts for on going services, turnover represents the value of work done in the year, including estimates of amounts not invoiced. Turnover in respect of long-term contracts and contracts for on going services is recognised by reference to the stage of completion

Fixed assets

All fixed assets are initially recorded at cost

Depreciation

Depreciation is calculated so as to write off the cost of an asset, less its estimated residual value, over the useful economic life of that asset as follows

Plant & Machinery	15% Reducing Balance
Fixtures & Fittings	20% Reducing Balance

Depreciation has not been charged on the Freehold Property. This is a departure from standard accounting practice The company directors believe that the property is maintained to such a high standard that to depreciate the cost would not show an accurate value of the property at the year end

Financial instruments

Financial instruments are classified and accounted for, according to the substance of the contractual arrangement, as either financial assets, financial liabilities or equity instruments An equity instrument is any contract that evidences a residual interest in the assets of the company after deducting all of its liabilities

2. FIXED ASSETS

	Tangible Assets £	Investments £	Total £
