Taskshore Limited

Notes to the abbreviated financial statements for the year ended 31 October 2012

1. Accounting policies

1.1. Accounting convention

The accounts are prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

1.2. Turnover

Turnover represents rental income receivable in respect of the property.

1.3. Tangible fixed assets and depreciation

Depreciation is provided at rates calculated to write off the cost less residual value of each asset over its expected useful life, as follows:

Land and buildings - Nil

1.4. Investment properties

The investment properties are revalued annually at their open market value in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008). The surplus or deficit arising on revaluation is transferred to a revaluation reserve except where the deficit reduces the property below its historical cost, in which case it is taken to the profit and loss account.

No depreciation is provided on investment properties which is a departure from the requirements of the Companies Act 2006. In the opinion of the directors these properties are held primarily for their investment potential and so their current value is of more significance than any measure of consumption and to depreciate them would not give a true and fair view. The provisions of the FRSSE (effective April 2008) in respect of investment properties have therefore been adopted in order to give a true and fair view. If this departure had not been made, the profit for the year would have been reduced by depreciation. However the amount of depreciation cannot reasonably be quantified and the amount which might otherwise have been shown cannot be separately identified or quantified.

1.5. Investments

Current asset investments are at the lower of cost and net realisable value.
