Blackcircles.Com Limited is a subsidiary of Black Circles Holdings Limited (SC 258092)

Independent auditor's report to Blackcircles.Com Limited Under Section 449 of The Companies Act 2006

We have examined the abbreviated accounts set out on pages 3 to 6, together with the financial statements of Blackcircles.Com Limited for the year ended 31 December 2013 prepared under section 396 of the Companies Act 2006.

This report is made solely to the company in accordance with section 449 of the Companies Act 2006. Our work has been undertaken so that we might state to the company those matters that we are required to state to it in a special auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company, for our work, for this report, or for the opinions that we have formed.

Respective responsibilities of the director and auditor

The director is responsible for preparing the abbreviated accounts in accordance with section 444 of the Companies Act 2006. It is our responsibility to form an independent opinion as to whether the company is entitled to deliver abbreviated accounts to the Registrar of Companies and whether the abbreviated accounts have been properly prepared in accordance with the regulations made under that section and to report our opinion to you.

Basis of opinion

We conducted our work in accordance with Bulletin 2008/4 issued by the Auditing Practices Board. In accordance with that Bulletin we have carried out the procedures we consider necessary to confirm, by reference to the financial statements, that the company is entitled to deliver abbreviated accounts and that the abbreviated accounts to be delivered are properly prepared.

Opinion

In our opinion, the company is entitled to deliver abbreviated accounts prepared in accordance with section 444(3) of the Companies Act 2006, and the abbreviated accounts have been properly prepared in accordance with the regulations made under that section.

Notes to the abbreviated financial statements Year ended 31 December 2013

1. Accounting policies

The principal accounting policies are summarised below. They have been applied consistently throughout the year and the preceding year.

Basis of accounting

The full financial statements, from which these abbreviated accounts have been extracted, have been prepared in accordance with the the Financial Reporting Standard for Smaller Entities (effective April 2008) under the historical cost convention.

After making enquiries, the director has a reasonable expectation that the company has adequate resources to continue in operational existence for the foreseeable future. Accordingly, the director continues to adopt the going concern basis in preparing the accounts.

Tangible fixed assets

Fixed assets are stated at cost less accumulated depreciation and any provisions for impairment.

Depreciation is provided on cost in equal annual instalments over the estimated useful lives of the assets. The rates of depreciation are as follows:

Fixtures, fitting and equipment	25% per annum
Computer hardware and software	20% - 33% per annum

Web site development costs

Design and content development costs are capitalised only to the extent that they lead to the creation of an enduring asset delivering benefits at least as great as the amount capitalised. If there is insufficient evidence on which to base reasonable estimates of the economic benefits that will be generated in the period until the design and content are next updated, the costs of developing the design and content are charged to the profit and loss account as incurred. Capitalised amounts are recognised as computer software within tangible fixed assets.

Taxation

Current tax is provided at amounts expected to be paid using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events that result in an obligation to pay more tax, in the future or a right to pay less tax in the future have occurred at the balance sheet date. Timing differences are differences between the company's taxable profits and its results as stated in the financial statements that arise from the inclusion of gains and losses in tax assessments in periods different from those in which they are recognised in the financial statements.

Deferred tax is measured at the average rates that are expected to apply in the periods in which the timing differences are expected to reverse, based on tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

Deferred tax is measured on a non discounted basis and deferred tax assets are recognised only to the extent that it is more likely than not that the asset will be realised in the near future.

Leases

Assets held under finance leases and hire purchase contracts and the related obligations are recorded in the balance sheet at their fair value on acquisition and depreciated over the shorter of the lease term and their estimated useful lives. The amounts by which the payments exceed the recorded obligations are treated as finance charges which are amortised over each agreement term to give a constant rate of charge on the remaining balance of the obligation.

Operating lease rentals are charged to the profit and loss account in equal annual amounts over the lease term.

Stock

Stock relates to items held for resale. Stock items are disclosed at the lower of cost or net realisable value.

1. Accounting policies (continued)

Grants

Government grants relating to fixed assets are treated as deferred income and released to the profit and loss account over the expected useful lives of the assets concerned. Other grants are credited to the profit and loss account as the related expenditure is incurred.

Pension costs

The company contributes to certain employees' personal defined contribution pension plans. The amount charged to the profit and loss account in respect of pension costs is the contributions payable in the year.

Differences between contributions payable in the year and contributions actually paid are shown as either accruals or prepayments in the balance sheet.

Foreign currency

Transactions in foreign currencies are recorded at the rate of exchange at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies at the balance sheet date are reported at the rates of exchange prevailing at that date.
