NOTES TO THE ABBREVIATED ACCOUNTS FOR THE YEAR ENDED 31 MARCH 2013

1. ACCOUNTING POLICIES

Accounting convention

The financial statements have been prepared under the historical cost convention as modified by the revaluation of certain assets and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

Turnover

Turnover represents rentals receivable for the period.

Tangible fixed assets

The heritable property is included at estimated market value. Consequently no depreciation has been provided on these assets.

Deferred tax

Deferred tax arises as a result of including items of income and expenditure in taxation computations in periods different from those in which they are included in the company's accounts. Deferred tax is provided in full on timing differences which result in an obligation to pay more (or less) tax at a future date, at the average tax rates that are expected to apply when the timing differences reverse, based on current tax rates and laws.

Deferred tax is not provided on timing differences arising from the revaluation of fixed assets where there is no commitment to sell the asset.

Deferred tax assets and liabilities are not discounted.
