Notes to the Abbreviated Accounts
for the Period Ended 31st March 2014

1. Accounting policies

Basis of measurement and preparation of accounts

The financial statements have been prepared under the historical cost convention as modified by the revaluation of certain assets and in accordance with the financial reporting standard for smaller entities (effective April 2008).

Turnover policy

Turnover represents net invoiced sales and services, excluding value added tax.

Tangible fixed assets depreciation policy

Investment properties are revalued annually and included in the balance sheet at their open market value. In accordance with standard accounting practice, no depreciation is provided in respect of investment properties. This represents a departure from the Companies Act 2006 requirements in respect of the depreciation of fixed assets. The director considers that this departure is necessary in order that the financial statements give a true and fair view of the state of affairs of the company.
