Wallace Group Limited

Directors' report for the year ended 30 November 2016

Registered Number SC245921

The directors present their report and the audited consolidated financial statements for the year ended 30 November 2016.

Business review and principal activities

Wallace Group Limited ("the company") comprises Stirling Stone Ltd, Toffolo Stirling Ltd, Natstone Developments Ltd, Construction Materials Consultants Ltd and Stone Design Ltd, offering a unique, diverse service within the dimensional stone industry throughout the United Kingdom.

The directors take into consideration:

- The likely consequences of any decision in the long term;
- The interests of the groups employees;
- The need to foster the groups business relationships with suppliers, customers and others;
- The impact of the group operations on the community and the environment;
- The desirability for the group maintaining a reputation for high standards of business conduct; and
- The need to act fairly as between the company's members.

The results for the group show a profit before taxation for the financial year of £61,000 (2015: profit £8,000) and sales of £5,395,000 (2015: £5,527,000). The consolidated profit and loss account for the year is set out on page 7.

The group has net assets of £332,000 (2015: £269,000).

Future outlook

The domestic sector continues to be very difficult but the directors anticipate that the upturn in activity seen in the current year will continue and be shown in next year's results.

Principal risks and uncertainties

The management of the business and the execution of the company's strategy are subject to a number of risks. The key business risks affecting the company are considered to relate to competition from other stone companies, employee retention and material availability.

Key performance Indicators ("KPIs")

Given the straightforward nature of the business, the company's directors are of the opinion that analysis using KPIs is not necessary for an understanding of the development, performance or position of the business.

Wallace Group Limited

Directors' report for the year ended 30 November 2016 (continued)

Dividends and deductions from reserves

The directors do not recommend payment of a dividend to equity holders. The profit for the financial year of £63,000 (2014: £5,000) will be added to reserves.

Directors

The directors of the company who were in office during the year and up to the date of signing the financial statements were as listed on page 1.

Statement of directors' responsibilities

The directors are responsible for preparing the Annual Report and the financial statements in accordance with applicable law and regulation.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have prepared the group financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards, comprising FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland", and applicable law) and parent company financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards, comprising FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" Section 1A, and applicable law). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the group and parent company and of the profit or loss of the group and parent company for that period. In preparing the financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- state whether applicable United Kingdom Accounting Standards, comprising FRS 102, have been followed for the group financial statements and United Kingdom Accounting Standards, comprising FRS 102 Section 1A, have been followed for the company financial statements, subject to any material departures disclosed and explained in the financial statements;
- make judgements and accounting estimates that are reasonable and prudent; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the group and parent company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the group and parent company's transactions and disclose with reasonable accuracy at any time the financial position of the group and parent company and enable them to ensure that the financial statements comply with the Companies Act 2006.

The directors are also responsible for safeguarding the assets of the group and parent company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Wallace Group Limited

Directors' report for the year ended 30 November 2016 (continued)

Auditors and Disclosure of information to independent auditors

In the case of each director in office at the date the Directors' Report is approved:

- so far as the director is aware, there is no relevant audit information of which the group and parent company's auditors are unaware; and
- they have taken all the steps that they ought to have taken as a director in order to make themselves aware of any relevant audit information and to establish that the group and parent company's auditors are aware of that information.

PricewaterhouseCoopers LLP have indicated their willingness to continue in office and a resolution concerning their reappointment will be proposed at the Annual General Meeting.

Small company provisions

This report has been prepared, where appropriate, prepared in accordance with the special provisions for small companies under Part 15 of the Companies Act 2006.

By order of the Board

H Turnbull
Director
25 August 2017

Wallace Group Limited

Independent auditors' report to the members of Wallace Group Limited

Report on the financial statements

Our opinion

In our opinion:

- Wallace Group Limited's group financial statements and company financial statements (the "financial statements") give a true and fair view of the state of the group's and of the company's affairs as at 30 November 2016 and of the group's profit and cash flows for the year then ended;
- the group financial statements have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice applicable to Smaller Entities;
- the company financial statements have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice applicable to Smaller Entities; and
- the financial statements have been prepared in accordance with the requirements of the Companies Act 2006.

What we have audited

The financial statements, included within the Annual report and financial statements (the "Annual Report"), comprise:

- the Balance sheets as at 30 November 2016;
- the Consolidated profit and loss account and Statement of comprehensive income for the year then ended;
- the Consolidated cash flow statement for the year then ended;
- the Consolidated statement of changes in equity for the year then ended;
- the Company statement of changes in equity for the year then ended; and
- the notes to the financial statements, which include a summary of significant accounting policies and other explanatory information.

The financial reporting framework that has been applied in the preparation of the group financial statements is United Kingdom Accounting Standards, comprising FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" Section 1A, and applicable law (United Kingdom Generally Accepted Accounting Practice), applicable to Smaller Entities. The financial reporting framework that has been applied in the preparation of the company financial statements is United Kingdom Accounting Standards, comprising FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" Section 1A, and applicable law (United Kingdom Generally Accepted Accounting Practice), applicable to Smaller Entities.

In applying the financial reporting framework, the directors have made a number of subjective judgements, for example in respect of significant accounting estimates. In making such estimates, they have made assumptions and considered future events.

Opinion on other matter prescribed by the Companies Act 2006

In our opinion, the information given in the Directors' Report for the financial year for which the financial statements are prepared is consistent with the financial statements.

Other matters on which we are required to report by exception

Adequacy of accounting records and information and explanations received

Under the Companies Act 2006 we are required to report to you if, in our opinion:

- we have not received all the information and explanations we require for our audit; or
- adequate accounting records have not been kept by the company, or returns adequate for our audit have not been received from branches not visited by us; or
- the company financial statements are not in agreement with the accounting records and returns.

We have no exceptions to report arising from this responsibility.

Wallace Group Limited

Directors' remuneration

Under the Companies Act 2006 we are required to report to you if, in our opinion, certain disclosures of directors' remuneration specified by law are not made. We have no exceptions to report arising from this responsibility.

Entitlement to exemptions

Under the Companies Act 2006 we are required to report to you if, in our opinion, the directors were not entitled to: prepare financial statements in accordance with the small companies regime; and take advantage of the small companies exemption from preparing a strategic report. We have no exceptions to report arising from this responsibility.

Responsibilities for the financial statements and the audit

Our responsibilities and those of the directors

As explained more fully in the Statement of directors' responsibilities set out on page 3, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view.

Our responsibility is to audit and express an opinion on the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland) ("ISAs (UK & Ireland)"). Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

This report, including the opinions, has been prepared for and only for the company's members as a body in accordance with Chapter 3 of Part 16 of the Companies Act 2006 and for no other purpose. We do not, in giving these opinions, accept or assume responsibility for any other purpose or to any other person to whom this report is shown or into whose hands it may come save where expressly agreed by our prior consent in writing.

What an audit of financial statements involves

We conducted our audit in accordance with ISAs (UK & Ireland). An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of:

- whether the accounting policies are appropriate to the group's and the company's circumstances and have been consistently applied and adequately disclosed;
- the reasonableness of significant accounting estimates made by the directors; and
- the overall presentation of the financial statements.

We primarily focus our work in these areas by assessing the directors' judgements against available evidence, forming our own judgements, and evaluating the disclosures in the financial statements.

We test and examine information, using sampling and other auditing techniques, to the extent we consider necessary to provide a reasonable basis for us to draw conclusions. We obtain audit evidence through testing the effectiveness of controls, substantive procedures or a combination of both.

In addition, we read all the financial and non-financial information in the Annual Report to identify material inconsistencies with the audited financial statements and to identify any information that is apparently materially incorrect based on, or materially inconsistent with, the knowledge acquired by us in the course of performing the audit. If we become aware of any apparent material misstatements or inconsistencies we consider the implications for our report.

Wallace Group Limited

Notes to the financial statements for the year ended 30 November 2016

1 General information

Wallace Group Limited ('the company') and its subsidiaries offer a unique, diverse service within the dimensional stone industry throughout the United Kingdom.

The company is a private company limited by shares and incorporated and domiciled in the UK. The address of its registered office is Wallace House, Whitehouse Road, Stirling, FK7 7TA.

2 Statement of compliance

The Group and individual financial statements of Wallace Group Limited have been prepared in compliance with United Kingdom Accounting Standards, including Financial Reporting Standard 102, "The Financial Reporting Standard applicable in the United Kingdom and the Republic of Ireland" ("FRS 102") and the Companies Act 2006.

3 Accounting policies

The principal accounting policies adopted in the preparation of these consolidated and separate financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated. The company has adopted FRS 102 in these financial statements. Details of the transition to FRS 102 are disclosed in note 29.

Basis of preparation

These consolidated and separated financial statements are prepared on a going concern basis, under the historical cost convention and in accordance with the Companies Act 2006 and applicable accounting standards in the United Kingdom.

The preparation of financial statements in conformity with FRS 102 requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the Group and Company accounting policies. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements are disclosed in note 4.

The company has taken advantage of the exemption in section 408 of the Companies Act from disclosing its individual profit and loss account.

Going concern

After making enquiries, the directors have a reasonable expectation that the Group has adequate resources to continue in operational existence for the foreseeable future. The Group therefore continues to adopt the going concern basis in preparing its financial statements.

Exemptions for qualifying entities under FRS 102

FRS 102 allows a qualifying entity certain disclosure exemptions, if certain conditions, have been complied with, including notification of and no objection to, the use of exemptions by the company's shareholders. A qualifying entity is defined as a member of a group that prepares publicly available financial statements, which give a true and fair view, in which that member is consolidated. As a qualifying entity, Wallace Group Limited has taken advantage of the following exemptions in respect of the company financial statements:

Wallace Group Limited

Notes to the financial statements for the year ended 30 November 2016 (continued)

3 Accounting policies (continued)

- i) from the requirement to prepare a statement of cash flows as required by paragraph 3.17(d) of FRS 102;
- ii) from the requirement to present certain financial instrument disclosures, as required by sections 11 and 12 of FRS 102;
- iii) from the requirement to present a reconciliation of the number of shares outstanding at the beginning and end of the period as required by paragraph 4.12(a)(iv) of FRS 102; and
- iv) from the requirement to disclose the key management personnel compensation in total as required by paragraph 33.7 of FRS 102.

Basis of consolidation

The consolidated financial statements incorporate the financial statements of the group and all its subsidiary undertakings made up to 30 November 2016. The acquisition method of accounting has been adopted. Under this method, the results of subsidiary undertakings acquired in the year are included in the consolidated profit and loss account from the date of acquisition.

Investments

Investments in subsidiaries are measured at cost less impairment and are carried at cost. The directors believe that the carrying value of the investments is supported by their underlying net assets.

Intangible assets

When the fair value of the consideration for an acquired undertaking exceeds the fair value of its separable net assets, the difference is treated as purchased goodwill and is amortised through the profit and loss account over its estimated economic life. The estimated economic life of goodwill is twenty years. As a first time adopter of FRS 102, Wallace Group Limited has elected not to apply Section 19 of FRS 102 in relation to business combinations which occurred prior to the date of transition. As such there is no adjustment to the carrying value of goodwill and no change to the useful life over which it is amortised.

Tangible fixed assets

Tangible fixed assets are stated at historic purchase cost less accumulated depreciation. The cost of tangible fixed assets is their purchase cost, together with any incidental costs of acquisition. Depreciation is calculated so as to write off the cost of tangible fixed assets over the expected useful economic life of the asset concerned. The principal annual rates used for this purpose are:

Motor vehicles	25%	(reducing balance)
Plant and machinery	25%	(reducing balance)
Fixtures and fittings	25%	(reducing balance)

Hire purchase contracts and operating leases

Assets obtained under hire purchase contracts are capitalised in the balance sheet and are depreciated over their useful lives. The interest element of the obligations is charged to the profit and loss account over the period of the contract and represents a constant proportion of the balance of capital repayments outstanding.

Costs in respect of operating leases are charged on a straight line basis over the lease term.

Wallace Group Limited

Notes to the financial statements for the year ended 30 November 2016 (continued)

3 Accounting policies (continued)

Stocks

Stocks are valued at the lower of cost and estimated selling price less costs to complete and sell, after making due allowance for obsolete and slow moving items.

Financial instruments

The group has chosen to adopt Section 11 of FRS 102 in respect of basic financial instruments.

(i) Financial assets

Basic financial assets, including trade and other debtors and cash and bank balances, are initially recognised at transaction price, unless the arrangement constitutes a financing transaction, where the transaction is measured at the present value of the future receipts discounted at a market rate of interest.

Such assets are subsequently carried at amortised cost using the effective interest method.

At the end of each reporting period financial assets measured at amortised cost are assessed for objective evidence of impairment. If an asset is impaired the impairment loss is the difference between the carrying amount and the present value of the estimated cash flows discounted at the asset's original effective interest rate. The impairment loss is recognised in the consolidated statement of comprehensive income.

If there is decrease in the impairment loss arising from an event occurring after the impairment was recognised the impairment is reversed. The reversal is such that the current carrying amount does not exceed what the carrying amount would have been had the impairment not previously been recognised. The impairment reversal is recognised in consolidated statement of comprehensive income.

Financial assets are derecognised when (a) the contractual rights to the cash flows from the asset expire or are settled, or (b) substantially all the risks and rewards of the ownership of the asset are transferred to another party or (c) control of the asset has been transferred to another party who has the practical ability to unilaterally sell the asset to an unrelated third party without imposing additional restrictions.

(ii) Financial liabilities

Basic financial liabilities, including trade and other creditors, bank loans and loans from fellow group companies, are initially recognised at transaction price, unless the arrangement constitutes a financing transaction, where the debt instrument is measured at the present value of the future receipts discounted at a market rate of interest.

Debt instruments are subsequently carried at amortised cost, using the effective interest rate method.

Wallace Group Limited

Notes to the financial statements for the year ended 30 November 2016 (continued)

3 Accounting policies (continued)

Trade creditors are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Accounts payable are classified as current liabilities if payment is due within one year or less. If not, they are presented as non-current liabilities. Trade creditors are recognised initially at transaction price and subsequently measured at amortised cost using the effective interest method.

Financial liabilities are derecognised when the liability is extinguished, that is when the contractual obligation is discharged, cancelled or expires.

The group does not hold or issue derivative financial instruments.

Turnover

Turnover represents amounts invoiced to outside customers, net of trade discounts and value added tax, except in respect of contracting activities where turnover represents the value of work carried out during the year including amounts not invoiced. Turnover from the sale of goods is recognised when the company has transferred the significant risks and rewards of ownership of the goods to the buyer, the amount of revenue can be measured reliably and it is probable that the economic benefits associated with the transaction will flow to the company.

Profit on individual contracts is taken only when their outcome can be foreseen with reasonable certainty, based on the lower of the percentage margin earned to date and that forecast at completion, taking account of agreed claims. Full provision is made for all known or expected losses on individual contracts immediately as such losses are foreseen.

Taxation

Taxation expense for the period comprises current and deferred tax recognised in the reporting period. Tax is recognised in the profit and loss account, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case tax is also recognised in other comprehensive income or directly in equity respectively.

Current or deferred taxation assets and liabilities are not discounted.

(i) Current tax

Current tax is the amount of income tax payable in respect of the taxable profit for the year or prior years. Tax is calculated on the basis of tax rates and laws that have been enacted or substantively enacted by the period end.

Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

(ii) Deferred tax

Deferred tax arises from timing differences that are differences between taxable profits and total comprehensive income as stated in the financial statements. These timing differences arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in financial statements.

Wallace Group Limited

Notes to the financial statements for the year ended 30 November 2016 (continued)

3 Accounting policies (continued)

Deferred tax is recognised on all timing differences at the reporting date except for certain exceptions. Unrelieved tax losses and other deferred tax assets are only recognised when it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

Deferred tax is measured using tax rates and laws that have been enacted or substantively enacted by the period end and that are expected to apply to the reversal of the timing difference.

Pension

The pension costs charged against profits represent the amounts of contributions payable into individual plans for the benefit of employees.

4 Critical accounting judgements and estimation uncertainty

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the application of the accounting policies and the reported amounts of assets and liabilities, revenue and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are continually evaluated and are based on historical experience and other factors, including expectations of future events that are reasonable under the circumstances. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are addressed below.

Inventory valuation

The company makes an estimate of the valuation of inventory held at the balance sheet date when this relates to a partially cut piece of material and so the original cost is no longer representative of the value. When determining the value, management consider the nature and condition of the inventory, as well as applying assumptions around future usage and saleability, based on cumulative previous experience.

Recoverability of other debtors

The company has recognised a debtor balance of £1,062,519 from related party Ramoyle Group Limited as disclosed in Note 20. Management have considered the recoverability of this debtor and made assumptions regarding the recoverability in recognising the full amount of recharged expenses as recoverable.

Carrying value of investments

The directors assess the carrying value of investments for impairment annually. Investments relate entirely to wholly owned subsidiaries and no indicators of impairment have been noted. As such, management are comfortable that the carrying value of investments is supported by their underlying net assets.

Wallace Group Limited

Notes to the financial statements for the year ended 30 November 2016 (continued)

4 Critical accounting judgements and estimation uncertainty (continued)

Estimated useful life of goodwill

Goodwill arising from historic business combinations is considered to have a useful life of twenty years. No circumstances have come to light which suggest this should be re-evaluated.

5 Turnover

All turnover arises from sales from the design, supply and installation of goods made in the United Kingdom. Turnover derives from one class of sale.

6 Operating profit

	Year ended 30 Nov 2016	Year ended 30 Nov 2015
	£	£
Operating profit is stated after charging:		
Depreciation – tangible owned assets	4	5

UK corporation tax	11	3
Total current tax	11	3
Deferred tax:		
Origination and reversal of timing differences	(16)	-
Impact of change in tax rate	2	-
Total deferred tax	(13)	-
Tax on profit on ordinary activities	(2)	3

(b) Reconciliation of tax charge

The effective rate of tax is lower (2015: lower) than the UK corporation tax rate of 20% (2015: 20.33%) and the differences are explained below:

	Year ended 30 Nov 2016 £'000	Year ended 30 Nov 2015 £'000
Profit on ordinary activities before tax	61	8
Profit on ordinary activities multiplied by standard rate of corporation tax in the UK of 20% (2015: 20.33 %)	12	2
Effects of:		
Expenses not deductible for tax and other permanent differences	3	3
Depreciation for the year in excess of capital allowances/STTDs	-	(1)
Tax losses utilised	-	(1)
Deferred tax not provided	(20)	-
Tax rate changes	2	-
Current tax charge for the year	(2)	3

Wallace Group Limited

Notes to the financial statements for the year ended 30 November 2016 (continued)

11 Tax on profit on ordinary activities (continued)

(c) Tax rate changes

Changes to the UK corporation tax rates were substantively enacted as part of the Finance Bill 2016 on 6 September 2016. These include reductions to the main rate to reduce the rate to 19% from 1 April 2017 and to 17% from 1 April 2020.

Deferred taxes at the balance sheet date have been measured using these enacted tax rates and reflected in these financial statements.

A deferred tax asset of £40,500 (2014: £61,500) has not been recognised at the year-end due to the uncertainty over its future recoverability.

22 Guarantees and other financial commitments

Parent company guarantees

As subsidiaries of the group, Stone Design Limited, Construction Materials Consultants Limited and Natstone Developments Limited have taken advantage of the permitted exception from the requirement of the Companies Act 2006 relating to the audit of accounts under section 479a of the Companies Act 2006. As such, Wallace Group Limited has provided guarantees to the subsidiaries under Section 479C of the Companies Act 2006 in respect of the financial year ended 30 November 2016.

Financial commitments

At the year end the company had the following future minimum lease payments under non-cancellable operating leases for each of the following periods:

	30 Nov 2016	30 Nov 2015
	Land and buildings	Land and buildings
	£	£
Payments due		
Not later than one year	108,750	108,909
Later than one year and not later than five years	314,928	423,678
Later than five years	-	-

The company had no annual commitments under non-cancellable operating leases.

25 Pension costs

The company operates an executive pension plan for the directors and a group personal pension scheme for all other employees. Both of these are defined contribution schemes. The contributions paid to these schemes amounted to £15,000 (2015: £9,000).

26 Ultimate controlling party

The ultimate controlling party of the group is the Turnbull family by way of their aggregate majority shareholding.

Wallace Group Limited is the only company to consolidate the company's financial statements.

27 Related party transactions

During the year the Group incurred expenses to the value of £85,000 (2015: £47,000) on behalf of Ramoyle Group Limited. The debtor balance owed by Ramoyle Group as at 30 November 2015 of £1,062,000 (2015: £977,000) is included within other debtors. The directors have considered the recoverability of this debtor and are confident that it will be fully received.

The entities are related through the common directorships of H Turnbull and J Turnbull.

28 Transition to FRS 102

This is the first year that the company and group has presented its results under FRS 102. The last financial statements under the UK GAAP were for the year ended 30 November 2015. The date of transition to FRS 102 was 1 December 2014.

There were no changes in accounting policy which resulted in a change in profit for the financial year ended 30 November 2015 or the total equity as at 1 December 2014 and 30 November 2015 between UK GAAP as previously reported and FRS 102.
