The Bathroom Company (Perth) Limited

Notes to the abbreviated financial statements for the year ended 28 February 2009

1. Accounting policies

1.1. Accounting convention

The accounts are prepared under the historical cost convention and in accordance with applicable accounting standards, and in accordance with the Financial Reporting Standard for Smaller Entities (effective January 2007).

1.2. Turnover

Turnover represents the total invoice value, excluding value added tax, of sales made during the year, adjusted for the value of work done at the start and end of the year.

1.3. Goodwill

Acquired goodwill is written off in equal annual instalments over its estimated useful economic life of 10 years.

1.4. Tangible fixed assets and depreciation

Depreciation is provided at rates calculated to write off the cost less residual value of each asset over its expected useful life, as follows:

Leasehold properties	-	Straight line over the life of the lease
Fixtures, fittings and equipment	-	15% reducing balance
Motor vehicles	-	25% reducing balance

1.5. Leasing

Rentals payable under operating leases are charged against income on a straight line basis over the lease term.

1.6. Stock

Stock is valued at the lower of cost and net realisable value.

1.7. Contracts

Amounts recoverable on contracts, which are included in debtors are stated at the net sales value of the work done after provisions for contingencies and anticipated future losses on contracts, less amounts received as progress payments on account. Excess progress payments are included in creditors as payments received on account.

1.8. Pensions

The pension costs charged in the financial statements represent the contribution payable by the company during the year in respect of its defined contribution pension scheme.

1.9. Deferred taxation

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events have occurred at that date that will result in an obligation to pay more, or a right to pay less or to receive more, tax, with the following exceptions:

Provision is made for tax on gains arising from the revaluation (and similar fair value adjustments) of fixed assets, and gains on disposal of fixed assets that have been rolled over into replacement assets, only to the extent that, at the balance sheet date, there is a binding agreement to dispose of the assets concerned. However, no provision is made where, on the basis of all available evidence at the balance sheet date, it is more likely than not that the taxable gain will be rolled over into replacement assets and charged to tax only where the replacement assets are sold;

Provision is made for deferred tax that would arise on remittance of the retained earnings of overseas subsidiaries, associates and joint ventures only to the extent that, at the balance sheet date, dividends have been accrued as receivable;

Deferred tax assets are recognised only to the extent that the directors consider that it is more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted.

Deferred tax is measured on an undiscounted basis at the tax rates that are expected to apply in the periods in which timing differences reverse, based on tax rates and laws enacted or substantively enacted at the balance sheet date.

1.10. Foreign currencies

Monetary assets and liabilities denominated in foreign currencies are translated into sterling at the rates of exchange prevailing at the accounting date. Transactions in foreign currencies are recorded at the date of the transactions. All differences are taken to the Profit and Loss account.
