NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 MARCH 2017

1. **STATUTORY INFORMATION**

Searoute Breakbulk Services North Limited is a private company, limited by shares, registered in Scotland. The company's registered number and registered office address can be found on the Company Information page.

The presentation currency of the financial statements is the Pound Sterling (£).

2. **ACCOUNTING POLICIES**

Basis of preparing the financial statements

These financial statements have been prepared in accordance with the provisions of Section 1A "Small Entities" of Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" and the Companies Act 2006. The financial statements have been prepared under the historical cost convention.

Going concern

The company's net current liabilities amounted to £149,249 as at 31 March 2017. The company meets its day to day working capital requirements through the continuing support of its group and related undertakings.

The financial statements have been prepared on a going concern basis which assumes that the company will continue in operational existence for the foreseeable future. If the company was unable to continue in operational existence for the foreseeable future, adjustments would have to be made to reduce the statement of financial position values of assets to their recoverable amounts and to provide for further liabilities that might arise.

The group and related undertakings continue to support the company in the post year end period and the directors believe that it is appropriate for the financial statements to be prepared on a going concern basis.

The company was dormant throughout the current year and previous year.

Financial instruments

Basic financial instruments are recognised as follows:

(i) Debtors

Short term debtors are measured at transaction price, less any impairment. Loans receivable are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method less any impairment.

(ii) Cash and cash equivalents

Cash and cash equivalents include cash at bank and in hand.

Cash and cash equivalents are shown net of bank overdrafts, which are included as current borrowings in liabilities on the statement of financial position.

(iii) Creditors

Short term trade creditors are measured at the transaction price. Other financial liabilities, including bank loans, are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method.

3. **AVERAGE NUMBER OF EMPLOYEES**

The average number of employees during the year was NIL.
