Notes to the Abbreviated Accounts for the Year Ended 31 July 2012

1. ACCOUNTING POLICIES

Accounting convention
The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

Turnover
Turnover represents amounts receivable for goods sold and services rendered during the year, exclusive of value added tax.

Tangible fixed assets
Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Fixtures and fittings	- 15% on reducing balance
Computer equipment	- 33% on reducing balance

Deferred tax
The payment of taxation is deferred or accelerated because of timing differences between the treatment of certain items for accounting and taxation purposes. Full provision for deferred taxation is made under the liability method, without discounting, on all timing differences that have arisen, but not reversed by the balance sheet date, unless such provision is not permitted by accounting standards.

In accordance with such standards deferred tax is not provided for:

a) revaluation gains on land and buildings, unless there is a binding agreement to sell them at the balance sheet date; and
b) gains on the sale of non-monetary assets, if the taxable gain will probably be rolled over.

Hire purchase and leasing commitments
Rentals paid under operating leases are charged to the profit and loss account on a straight line basis over the period of the lease.

Pension costs and other post-retirement benefits
The company operates a defined contribution pension scheme. Contributions payable to the company's pension scheme are charged to the profit and loss account in the period to which they relate.

Going concern
Although the going concern basis has been adopted in these accounts, its continued appropriateness is dependent upon the continued support of the directors.
