NOTES TO THE ABBREVIATED ACCOUNTS

FOR THE YEAR ENDED 30 SEPTEMBER 2016

1 Accounting policies

1.1 Accounting convention

The financial statements are prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective January 2015).

1.2 Compliance with accounting standards

The financial statements are prepared in accordance with applicable United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice), which have been applied consistently (except as otherwise stated).

1.3 Turnover

Turnover represents amounts receivable for the provision of consultancy services to the Oil and Gas sector and income generated from property letting. Revenue in respect of consultancy services is recognised when the company fulfils its contractual obligations to customers by supplying services. Revenue in respect of property letting is recognised when receivable.

1.4 Tangible fixed assets and depreciation

Tangible fixed assets other than freehold land are stated at cost less depreciation. Depreciation is provided at rates calculated to write off the cost less estimated residual value of each asset over its expected useful life, as follows:

Land and buildings freehold	Nil
Fixtures, fittings & equipment	25% Reducing balance

Investment properties are included in the balance sheet at their open market value. Depreciation is provided only on those investment properties which are leasehold and where the unexpired lease term is less than 20 years.

No depreciation is provided in respect of freehold property, in accordance with the provisions of the Financial Reporting Standard for Smaller Entities (effective January 2015). This constitutes a departure from the statutory rules requiring fixed assets to be depreciated over their economic useful lives but, in the director's view, is necessary to enable the financial statements to be presented fairly.

1.5 Deferred taxation

The company provides for deferred taxation in respect of all unreversed timing differences arising between accounting and taxable profits.

1.6 Foreign currency translation

Monetary assets and liabilities denominated in foreign currencies are translated into sterling at the rates of exchange ruling at the balance sheet date. Transactions in foreign currencies are recorded at the rate ruling at the date of the transaction. All differences are taken to profit and loss account.
