Basis of Measurement and Preparation of Accounts

Turnover Policy

Incoming Resources

All incoming resources are included in the Statement of Financial Activities (SOFA) when the Charity is entitled to the income and the amount can be quantified with reasonable accuracy. The following specific policies are applied to particular categories of income:

Donations

Donations are included in the year in which they are receivable, which is when the charity becomes entitled to the resource.

Donations in Kind

Donations in Kind are included at the value to the charity where this can be quantified

Grants

Grants are receivable and are credited to the SOFA in the year for which they are receivable.

Resources Expended

All expenditure is included on an accruals basis and has been recognised when there is a legal or constructive obligation to pay for the expenditure. All costs have been directly attributed to one of the financial categories of resources expended in the SOFA.

Tangible Assets Depreciation Policy

The cost of Tangible Fixed Assets is their purchase cost together with any incidental costs of acquisition. The refurbishment costs of the Centre are treated as capital due to the scale of the redevelopment work required on the property.

Leasehold Building refurbishment 20 years straight line

Plant & Equipment 5 years straight line

2 Company Limited By Guarantee

Company is limited by guarantee and consequently does not have share capital.
