Structure, Governance and Management

Whitlawburn Community Resource Centre is a company limited by guarantee and is governed by its Memorandum and Articles of Association. The board of directors is responsible for the overall governance of the company.

The board of directors, which must have at least two members, administers the company. The board meets as required during the year and the day to day operations of the company have been delegated to the Centre manager. New directors are selected by the existing directors. Any new directors are given appropriate levels of training to enhance their skills in the role.

The directors have examined the major strategic, business and operational risks which the company faces and confirm that systems have been established to enable regular reports to be produced so that the necessary steps can be taken to lessen these risks. Attention has focused on non financial risks arising from fire, health and safety of customers and food hygiene. A key element in the management of financial risk is the setting of a reserves policy and its regular review by directors.

Taxation

The Centre is a charity and is recognised as such by the Inland Revenue for taxation purposes. As a result there is no liability to taxation.

Financial

The Board notes the surplus for the year of £24,911, although if the donation of the net assets from West Whitlawburn Community Development Committee were excluded the result would have been a deficit of £1,348. The Board in the coming year will budget to produce a surplus, to improve the Centre's balance sheet.

The Centre is continuing to ensure that all appropriate sources of funding are accessed and the future of the Centre and the projects within it are secured. Work is continuing to extend the funding of the existing projects and to provide for additional services required by the community. The Board is well aware that with most funding packages being of a short term nature, of the importance of continuing to bolster the reserves of the Centre to cover downturns in funding.

Performance and Achievements

The financial year had significant project and partnership development.

In October 2005 a limited company was formed called Whitlawburn Community Resource Centre. As from 1 April 2006 the company took over the activities of West Whitlawburn Community Development Committee, incorporating all its assets and liabilities into this company. The reserves of the old organisation were brought into the company as a donation and then the reserves reallocated to recreate the same position as in the old organisation.

The café employed a new catering manager through funding from the Esmée Fairbairn Foundation. Developing café services like cooking classes, lunch clubs whilst promoting a healthy eating agenda has been a priority this year. The Out of School Care Project has been working towards developing its crèche services to improve its range of services and improve its sustainability.

Partnerships with other agencies continued to be developed over the last year. These include links with Community Learning, South Lanarkshire Council, Universal Connexions and Routes to Work South.

Working with Community Learning enabled us to deliver a range of courses last year including first aid, self defence, computing and core skills.

Also working with South Lanarkshire Community Support team has enabled us to work with a range of volunteers helping to build confidence and independence. The Centre currently has volunteers in both the Out of School Care and Café.

WHITLAWBURN COMMUNITY RESOURCE CENTRE
DIRECTORS REPORT
AS AT 31 MARCH 2007

Links with local youth group Universal Connexions have been progressed down various routes across the last few years. Cooking classes were delivered to the Bridges Group. These are young people, who, for a variety of reasons are not coping with the conventional curriculum. The Youth Club has also continued to develop during the year.

The drop in facility developed within the Centre in conjunction with Routes to Work South, has continued to progress during the year.

The Out of School Care Project celebrated its second birthday and received favourable Care Commission Inspection Reports.

Reserves Policy

The intention of the Board is to build up reserves equal to three months expenses, but with budgetary constraints on its normal funders and increasing calls for expenditure the Board realises this is a long term objective.

The general reserve is currently in a deficit position. The Board are budgeting to eliminate this over the long term, but realize that it will take considerable effort and reliance on a range of existing and new funders to provide the resources to do this, while at the same time funding the normal level of activities.

Funds

Unrestricted funds comprise donations and other incoming resources received or generated for charitable purposes. They are available for use at the discretion of the Board in furtherance of the charity's general charitable objectives.

Legal and Administrative Arrangements

The legal and administrative information set out on page 1 forms part of this report. The financial statements comply with current legal requirements, the articles and memorandum and the Statement of Recommended Practice ("SORP") "Accounting by Charities".

Budgetary Process

Each year the Board approves the annual budget. Key risk areas are identified. Performance is monitored and relevant action taken throughout the year through regular reporting to the Board of variances from the budget, updated forecasts for the year together with information on the key risk areas. Approval procedures are in place in respect of major areas of risk such as approval of new expenditure and treasury management.

Quality and Integrity of Personnel

The integrity and competence of personnel are ensured through high recruitment standards and subsequent training courses. High quality personnel are seen as an essential part of the control environment and the ethical standards expected are communicated through the Board to the staff.

In the event of employees becoming disabled, every effort is made to retrain them in order that their employment with the Centre may continue.

It is the policy of the Centre that training, career development and promotion opportunities should be available to all employees.

Future developments

The Centre will continue with its policy of improving the quality of life within its area of activity, working with its existing and new partners.

The future for the Centre focuses on developing its current services.

Further consolidation of existing partnerships with Community Learning, Universal Connexions, Community Health Initiative and Routes to Work South will continue to take place. This will include South Lanarkshire College, South Lanarkshire Leisure, Up for It, Working Family Lives, Healthy Working Families and New Beginnings.
