Report of the Directors

The Directors have pleasure in submitting their Annual Report and audited Financial Statements for the year ended 30 June 2012. This Report has been prepared in accordance with the provisions applicable to companies entitled to take the small companies exemption under the Companies Act 2006.

1. ACTIVITIES

The principal activity of the Company is that of stadium leasing.

2. BUSINESS REVIEW

The loss for the year after taxation amounted to £536,000 (2011 - £1,043,000). The Directors do not propose payment of a dividend (2011 - £Nil) and recommend that the loss is transferred to reserves.

The Directors consider the key performance indicators of the Company to be rental income and interest charges.

The Company is a wholly owned subsidiary of Aberdeen Football Club plc ("AFC"), a professional football club playing its Scottish Premier League matches at Pittodrie Stadium which is the principal asset of the Company. AFC entered into a long term leasing agreement with the Company to lease the stadium and surrounding land. A total rental of £1.0 million was received in the first 5 years of the agreement, and in accordance with accounting standards this was recognised on a straight line basis over that period. The initial five year term expired on 30 June 2011 and rental payments for the stadium are now the greater of the market rental value and the interest payments due in respect of the Company's borrowings to finance the purchase of the stadium.

AFC intend to re-locate to a new stadium and have obtained planning permission for such a stadium on land at Loirston to the south of Aberdeen. The sale of the Company's only asset, Pittodrie Stadium and the application of the free proceeds towards funding the new stadium is central to this plan. A market valuation of the site by CB Richard Ellis Limited dated 18 May 2011 valued Pittodrie Stadium and the surrounding car parks at £18.3 million and the Directors believe that its value has not materially changed since then.

3. ENVIRONMENT

The Company recognises the importance of its environmental responsibilities. As the principal activity is the leasing of a football stadium, the impact on the environment is limited.

4. DIRECTORS AND THEIR INTERESTS

The Directors of the Company and their interests in the issued share capital of the Company as were as follows:

Since the last Annual General Meeting Martin J Gilbert, Hugh W M Little, Christopher J Gavin and Kenneth A Matheson resigned on 25 June 2012 and William F Miller resigned on 29 June 2012.

Brief biographical details of the Directors are as follows: -

Stewart Milne was appointed as a director and Chairman of the Company in June 2006, and is the non-executive Chairman of the holding company Aberdeen Football Club plc. He is also Chairman and Chief Executive of the Stewart Milne Group.

George Yule was appointed an executive director of the Company in June 2012 in the role of Executive Vice-Chairman. His principal responsibility is to lead the turnaround of all areas of the AFC business and to prepare the Club for its relocation to a new iconic football stadium and training complex. George is also current President of Aberdeen and Grampian Chamber of Commerce and non-executive Chairman of Aberdeen Sports Village. Away from his business interests he is Corporate Patron of Befriend-a-Child, a local charity for disadvantaged children in the Aberdeen and Aberdeenshire region.

Report of the Directors (continued)

4. DIRECTORS AND THEIR INTERESTS (continued)

Brief biographical details of the Directors (continued)

Gordon Buchan was appointed a non-executive director of the Company in April 1992. He is a solicitor and a consultant with Paull & Williamson LLP and advises the Board on all legal matters concerning the Company.

Colin Welsh was appointed a non-executive director of the Company in July 2011. He is the Chief Executive Officer of Simmons & Company International Limited an investment bank specialising in the oil industry.

Ian Jack was appointed a non-executive director of the Company in July 2011. He is Regional Vice-President for UK and Holland for M-I SWACO UK.

Stewart Milne and Gordon Buchan retire by rotation and, being eligible, offer themselves for re-election at the forthcoming Annual General Meeting. George Yule was appointed since the last Annual General Meeting and requires to have his appointment ratified.

An insurance policy for Directors' and Officers' Liability has been maintained during the course of the year.

5. FIXED ASSETS

During the year the Directors carried out a review of the carrying value of all freehold land and stands, executive boxes and permanent fixtures at the year end with reference to a depreciated replacement cost valuation performed by Messrs F G Burnett as at 30 June 2010. Having given consideration to the current market conditions the Directors have reinstated the valuation of Pittodrie Stadium and the surrounding land in the Financial Statements back to its previous carrying value of £17.0 million.

6. PAYMENT OF CREDITORS

It is the Company's policy to pay creditors in line with terms and conditions agreed with individual suppliers. Where no terms are agreed, creditors are paid within 28 days of the month end in which the invoice is received. At the year end the Company had no trade with the only other creditor being an accrual for interest and other similar charges.

7. FINANCIAL INSTRUMENTS

The Company's principal financial instruments are bank borrowings. The credit risk on liquid funds is limited because the counterparties are banks with good credit-ratings assigned by international credit-rating agencies. The Company does not directly enter into any derivative financial instruments. The Company's principal financial liabilities are bank loans which are on variable interest rates, loans from related parties and a loan from its Parent company. The terms of these facilities are explained in Note 8 to the Financial Statements.

8. GOING CONCERN

At 30 June 2012 the Company has a deficit of assets to liabilities of £431,000 (2011 - £478,000) including £151,000 due from (2011 - £1,121,000 payable to) its ultimate Parent company, Aberdeen Football Club plc ("AFC") (see Notes 7 and 9). AFC has confirmed that it will continue to provide support to enable the Company to meet its obligations and liabilities as they fall due over the next twelve months.

The bank loans fell due for renewal on 28 February 2012 and were extended until 30 November 2012. Negotiations with the bank regarding the refinancing of the facilities are ongoing, focusing in putting into place long-term facilities with part of the facilities on fixed rates. At the date of signing the negotiations are well advanced and the directors are confident that the negotiations will be satisfactorily concluded.

The Directors have prepared future financial projections which cover the period up to and beyond the review date for the banking facilities, which make assumptions regarding the availability of future funding, including support from the Parent company as required, and which demonstrate that the Group has sufficient resources to meet its obligations and liabilities as they fall due. The Directors have considered the assumptions and estimates used in the preparation of the future financial projections, including those in relation to activity levels which are influenced by the performance of the football team and, having considered the forecast results, expect that the Group will continue as a going concern in the foreseeable future.

9. DIRECTORS RESPONSIBILITIES

The Directors are responsible for preparing the Annual Report and the Financial Statements in accordance with applicable law and regulations.

Company law requires the Directors to prepare financial statements for each financial year. Under that law the Directors have elected to prepare the Financial Statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Company law also requires that the Directors must not approve the Financial Statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and the Group and of the profit or loss of the Company and the Group for that period. In preparing these Financial Statements, the Directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgments and estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed; and
- prepare the Financial Statements on the going concern basis unless it is inappropriate to presume that the company will continue in business (see note 8 above).

The Directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the Financial Statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

10. AUDIT INFORMATION

Each of the persons who is a director at the date of approval of this report confirms that:

- so far as the director is aware, there is no relevant audit information of which the Company's auditor is unaware; and
- the director has taken all the steps that they ought to have taken as a director in order to make themselves aware of any relevant audit information and to establish that the Company's auditor is aware of that information.

This confirmation is given and should be interpreted in accordance with the provision of s418 of the Companies Act 2006.

11. AUDITOR

A resolution to reappoint Deloitte LLP will be proposed at the forthcoming Annual General Meeting.

- the financial statements are not in agreement with the accounting records and returns; or

Notes Forming Part of the Financial Statements

for the year ended 30 June 2012

1. Accounting Policies

The principal accounting policies, which have been applied consistently in the current and prior year, are summarised below.

(a) Basis of Preparation

The Financial Statements have been prepared under the historical cost convention as modified by the revaluation of freehold land and stands, executive boxes and permanent fixtures, and in accordance with applicable United Kingdom accounting standards.

(b) Going Concern

The Financial Statements have been prepared on a going concern basis, with the bank loans falling due for renewal on 28 February 2012 having been extended until 30 November 2012. Negotiations with the bank regarding the refinancing of the facilities are ongoing, focusing in putting into place long-term facilities with part of the facilities on fixed rates. At the date of signing the negotiations are well advanced and the Directors are confident that the negotiations will be satisfactorily concluded. These matters are discussed in more detail in note 8 in the Report of the Directors.

(c) Tangible Fixed Assets and Depreciation

Tangible fixed assets are stated at cost or revalued amount less depreciation. Freehold land and stands, executive boxes and permanent fixtures are valued on a Depreciated Replacement Cost basis with the surplus or deficit on book value transferred to the revaluation reserve. A full, detailed valuation is completed every 5 years, with interim valuations completed on the third anniversary of the full valuation. Further interim valuations may be completed on the first, second and fourth anniversaries if there is potentially a material change in value. Tangible fixed assets are depreciated to write off their cost in equal annual amounts over their estimated useful lives. Land is not depreciated.

The applied depreciation rates are as follows: -

	% per annum
Stands, Executive Boxes and Permanent Fixtures	2.5 - 20

(d) Grants

Grants received from the Football Trust for stands, safety improvements and plant are credited to deferred income and amortised through the profit and loss account over the estimated useful lives of the related assets.

(e) Taxation

Corporation tax is provided at amounts expected to be paid (or recovered) using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

Deferred tax is provided in full on timing differences which result in an obligation at the balance sheet date to pay more tax, or a right to pay less tax, at a future date, at rates expected to apply when they crystallise based on current tax rates and law. Timing differences arise from the inclusion of items of income and expenditure in taxation computations in periods different from those in which they are included in financial statements. Deferred tax assets are recognised to the extent that it is regarded as more likely than not that they will be recovered. Deferred tax assets and liabilities are not discounted. Deferred tax is not provided on timing differences arising from the revaluation of fixed assets where there is no commitment to sell the asset.

(f) Revenue Recognition

The Company has one class of business which is the principal activity of leasing out a football stadium. The Company had entered into a long term leasing agreement with its Parent company to lease the stadium and surrounding land to it. A total rental of £1.0 million was received in the first 5 years, with a 12 month "rental holiday" being observed in the year of inception to 30 June 2007, although in accordance with accounting standards the rentals have been recognised on a straight line basis over the five year period. The initial five year term expired on 30 June 2011, and rental payments for the stadium are now the greater of the market rental value and the interest payments due in respect of the Company's borrowings to finance the purchase of the stadium. Turnover represents income receivable, net of VAT, from stadium leasing and associated commercial activities.

15. Capital Commitments

The Company had capital commitments at 30 June 2012 of £Nil (2011 - £Nil).

16. Deferred Taxation

At 30 June 2012 the Company has an unrecognised deferred tax asset of £514,000 (2011 - £606,000) due to the availability of trading losses for carry forward.

The ability of the Company to recognise the deferred tax asset depends on future trading performance. No deferred tax asset has been recognised given the uncertainty as to the availability of available future profits to utilise the accumulated tax losses.

The Company has unrecognised deferred tax liabilities of £512,000 (2011 - £554,000) relating to a potential de-grouping charge and £948,000 (2011 - £993,000) relating to the revaluation of the stadium. These are not recognised as there is no commitment to a sale of the property at 30 June 2012.

The government has indicated that it intends to enact reductions of 1% each year in the main rate of corporation tax currently standing at 24%, down to 22% by 1 April 2014.

We estimate that the future rate changes to 22% would reduce our unrecognised deferred tax asset at 30 June 2012 by £11,000 (2011 - £70,000), however the actual impact will be dependent on our deferred tax position at that time.

17. Related Party Transactions

A loan of £3.5 million (2011 - £2.25 million) is due to Stewart Milne Group Limited (Stewart Milne, the non-executive chairman of the Group, is chairman of this company). A loan of £2.25 million (2011 - £2.25 million) due to Aberdeen Asset Management PLC has been reclassified to Other loans as Aberdeen Asset Management PLC ceased to be a related party during the year.

Details of transactions with Aberdeen Football Club plc are exempt from disclosure under FRS8 as it is a 100% owned subsidiary of that company. No compensation was paid to key management in the current or prior year.
