NOTES TO THE ABBREVIATED ACCOUNTS FOR THE YEAR ENDED 31ST JULY 2016

1. ACCOUNTING POLICIES

Basis of preparing the financial statements
The financial statements have been prepared on the going concern basis which assumes that the company will continue in operational existence in the foreseeable future. The validity of this assumption depends on the continued support of the director. The director believes that it is appropriate for the going concern basis to be used.

Accounting convention
The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective January 2015).

Turnover
Turnover represents net invoiced sales of goods, excluding value added tax.

Tangible fixed assets
Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life or, if held under a finance lease, over the lease term, whichever is the shorter.

Fixtures and fittings	- 10% on reducing balance
Motor vehicles	- 25% on reducing balance

Deferred tax
Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

Hire purchase and leasing commitments
Assets obtained under hire purchase contracts or finance leases are capitalised in the balance sheet. Those held under hire purchase contracts are depreciated over their estimated useful lives. Those held under finance leases are depreciated over their estimated useful lives or the lease term, whichever is the shorter.

The interest element of these obligations is charged to the profit and loss account over the relevant period. The capital element of the future payments is treated as a liability.

Rentals paid under operating leases are charged to the profit and loss account on a straight line basis over the period of the lease.
