ACCOUNTANTS' REPORT TO THE DIRECTORS OF RAINBOW CHAUFFEUR DRIVE LIMITED

YEAR ENDED 30 JUNE 2013

In accordance with the engagement letter dated 22 March 2013, and in order to assist you to fulfil your duties under the Companies Act 2006, we have prepared the financial statements of the company on pages 2 to 5 from the accounting records and information and explanations supplied to us.

This report is made to the Company's Directors, as a body, in accordance with the terms of our engagement. Our work has been undertaken to enable us to prepare the financial statements on behalf of the Company's Directors and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's Directors, as a body, for our work or for this report.

We have carried out this engagement in accordance with best practice guidance issued by the Institute of Chartered Accountants of Scotland and have complied with the ethical guidance laid down by the Institute relating to members undertaking the preparation of financial statements.

You have acknowledged on the balance sheet as at 30 June 2013 your duty to ensure that the company has kept adequate accounting records and to prepare financial statements that give a true and fair view under the Companies Act 2006. You consider that the company is exempt from the statutory requirement for an audit for the year.

We have not been instructed to carry out an audit of the financial statements. For this reason, we have not verified the accuracy or completeness of the accounting records or information and explanations you have given to us and we do not, therefore, express any opinion on the financial statements.

NOTES TO THE ABBREVIATED ACCOUNTS

YEAR ENDED 30 JUNE 2013

1. ACCOUNTING POLICIES

Basis of accounting

The financial statements have been prepared under the historical cost convention, and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

The directors, having made due and careful inquiry, are of the opinion that the company has adequate working capital to execute the operations over the next twelve months. The directors, therefore, have made an informed judgement, at the time of approving the financial statements, that there is a reasonable expectation that the company has adequate resources to continue in operational existence for the foreseeable future. As a result, the directors have continued to adopt the going concern basis of accounting in preparing the annual financial statements.

Turnover

The turnover shown in the profit and loss account comprises revenue recognised by the company in respect of goods and services supplied during the year, exclusive of value added tax.

In respect of long-term contracts and contracts for on-going services, turnover represents the value of work done in the year, including estimates of amounts not invoiced. Turnover in respect of long-term contracts and contracts for on-going services is recognised by reference to the stage of completion.

Fixed assets

All fixed assets are initially recorded at cost.

Depreciation

Depreciation is calculated so as to write off the cost of an asset, less its estimated residual value, over the useful economic life of that asset as follows:

Motor Vehicles	- 25% Straight Line
Equipment	- 25% Straight Line

Hire purchase agreements

Assets held under hire purchase agreements are capitalised and disclosed under tangible fixed assets at their fair value. The capital element of the future payments is treated as a liability and the interest is charged to the profit and loss account on a straight line basis.

YEAR ENDED 30 JUNE 2013

1. ACCOUNTING POLICIES *(continued)*

Financial instruments

Financial liabilities and equity instruments are classified according to the substance of the contractual arrangements entered into. An equity instrument is any contract that evidences a residual interest in the assets of the entity after deducting all of its financial liabilities.

Where the contractual obligations of financial instruments (including share capital) are equivalent to a similar debt instrument, those financial instruments are classed as financial liabilities. Financial liabilities are presented as such in the balance sheet. Finance costs and gains or losses relating to financial liabilities are included in the profit and loss account. Finance costs are calculated so as to produce a constant rate of return on the outstanding liability.

Where the contractual terms of share capital do not have any terms meeting the definition of a financial liability then this is classed as an equity instrument. Dividends and distributions relating to equity instruments are debited direct to equity.
