The company is entitled to exemption from audit under Section 477 of the Companies Act 2006 for the year ended 31 March 2021.

The members have not required the company to obtain an audit of its financial statements for the year ended 31 March 2021 in accordance with Section 476 of the Companies Act 2006.

The director acknowledges his responsibilities for:

- (a) ensuring that the company keeps accounting records which comply with Sections 386 and 387 of the Companies Act 2006 and
- (b) preparing financial statements which give a true and fair view of the state of affairs of the company as at the end of each financial year and of its profit or loss for each financial year in accordance with the requirements of Sections 394 and 395 and which otherwise comply with the requirements of the Companies Act 2006 relating to financial statements, so far as applicable to the company.

D. MARSHALL ENTERPRISES LIMITED (REGISTERED NUMBER: SC315421)

BALANCE SHEET - continued
31 MARCH 2021

The financial statements have been prepared and delivered in accordance with the provisions applicable to companies subject to the small companies regime.

In accordance with Section 444 of the Companies Act 2006, the Profit and Loss Account has not been delivered.

The financial statements were approved by the director and authorised for issue on 23 December 2021 and were signed by:

D R W Marshall - Director

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 MARCH 2021**

1. STATUTORY INFORMATION

D. Marshall Enterprises Limited is a private company, limited by shares, registered in Scotland. The company's registered office is Unit 1 99 Jessie Street, Glasgow, Lanarkshire, G42 0PG.

The presentation currency of the financial statements is Sterling (£).

2. ACCOUNTING POLICIES

Basis of preparing the financial statements

These financial statements have been prepared in accordance with the provisions of Section 1A "Small Entities" of Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" and the Companies Act 2006. There were no material departures from this standard.. The financial statements have been prepared under the historical cost convention.

Going concern

The financial statements have been prepared on a going concern basis. The validity of this is dependent on the financial performance of the company following the restrictions and other conditions placed throughout the UK due to the Covid 19 pandemic, including the performance of it's subsidiary and the continued support of creditors. After due consideration, the director considers it appropriate to prepare the financial statements on a going concern basis.

Preparation of consolidated financial statements

The financial statements contain information about D. Marshall Enterprises Limited as an individual company and do not contain consolidated financial information as the parent of a group. The company is exempt under Section 399(2A) of the Companies Act 2006 from the requirements to prepare consolidated financial statements.

Judgements

The company considers on an annual basis the judgements that are made by management when applying its significant accounting policies that would have the most significant effect on amounts that are recognised in the financial statements.

The director considers there are no such significant judgements.

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off the cost less estimated residual value of each asset over its estimated useful life or, if held under a finance lease, over the lease term, whichever is the shorter.

Land and buildings	- not provided
Plant and machinery etc	- 25% on reducing balance and 10% on cost

Tangible fixed assets are included at cost less accumulated depreciation and accumulated impairment losses. Where estimated residual value at the balance sheet date is considered to be equivalent to cost, no depreciation will be charged.

Impairment of non financial assets

At each reporting date non-financial assets not carried at fair value, like plant, property and equipment, are reviewed to determine whether there is an indication that an asset may be impaired. If there is an indication of possible impairment, the recoverable amount which is the higher of value in use and the fair value less cost to sell, is estimated and compared with the carrying amount. If the recoverable amount is lower, the carrying amount of the asset is reduced to its recoverable amount and an impairment loss is recognised immediately in the profit and loss account.

Investments in subsidiaries

Investments in subsidiary undertakings are recognised at cost less impairment.

**NOTES TO THE FINANCIAL STATEMENTS - continued
FOR THE YEAR ENDED 31 MARCH 2021**

2. ACCOUNTING POLICIES - continued

Financial instruments

The company only enters into basic financial instruments transactions that result in the recognition of financial assets and liabilities like trade and other accounts receivable and payable and loans to and from related parties.

Debt instruments like loans and other accounts receivable and payable are initially measured at present value of the future payments and subsequently at amortised cost using the effective interest method. Debt instruments that are payable or receivable within one year, typically trade debtors and trade creditors, are measured, initially and subsequently, at the undiscounted amount of cash or other consideration expected to be paid or received.

Financial assets measured at cost and amortised cost are assessed at the end of each reporting period for evidence of impairment and if found, an impairment loss is recognised in profit or loss.

Financial liabilities are derecognised when the liability is extinguished, that is when the contractual obligation is discharged, cancelled or expires.

Cash and cash equivalents includes cash in hand, deposits held at call with banks, other short-term highly liquid investments with original maturities of three months or less and bank overdrafts. Bank overdrafts, when applicable, are shown within borrowings in current liabilities.

Taxation

Taxation represents the sum of tax currently payable and deferred tax. The company's liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

The charge for taxation takes into account taxation deferred as a result of timing differences between the treatment of certain items for taxation and accounting purposes. In general, deferred taxation is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date. However, deferred tax assets are recognised only to the extent that the director considers that it is more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted. Deferred taxation is measured on a non-discounted basis at the tax rates that are expected to apply in the periods in which the timing differences reverse, based on tax rates and laws enacted or substantively enacted at the balance sheet date.

With the exception of changes arising on the initial recognition of a business combination, the tax expense is presented either in profit or loss, other comprehensive income or statement of changes in equity depending on the transaction that resulted in the tax expense.

Deferred tax liabilities are presented within provisions for liabilities and deferred tax assets within debtors.

Hire purchase and leasing commitments

Assets obtained under hire purchase contracts or finance leases are capitalised in the balance sheet. Those held under hire purchase contracts are depreciated over their estimated useful lives. Those held under finance leases are depreciated over their estimated useful lives or the lease term, whichever is the shorter.

The interest element of these obligations is charged to profit or loss over the relevant period. The capital element of the future payments is treated as a liability.

Provisions

Provisions are recognised when the company has a legal or constructive obligation at the reporting date as a result of a past event, it is probable that the company will be required to settle the obligation and the amount of the obligation can be reliably estimated. Provisions are recognised at the best estimate of the amount required to settle the obligation at the reporting date.

3. EMPLOYEES AND DIRECTORS

The average number of employees during the year was NIL (2020 - NIL).
