FOR THE YEAR ENDED 30 JUNE 2012**

1. GOING CONCERN

The directors, having made due and careful enquiry, are of the opinion that the company has adequate working capital to execute its operations over the next 12 months. The directors, therefore, have made an informed judgement, at the time of approving the financial statements, that there is a reasonable expectation that the company has adequate resources to continue in operational existence for the foreseeable future. As a result, the directors have continued to adopt the going concern basis of accounting in preparing the annual financial statements.

2. ACCOUNTING POLICIES

2.1 Basis of preparation of financial statements

The full financial statements, from which these abbreviated accounts have been extracted, have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

2.5 Operating leases

Rentals under operating leases are charged to the Profit and loss account on a straight line basis over the lease term.

A net deferred tax asset is recognised only if it can be regarded as more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted.
