The director of the company has elected not to include a copy of the income statement or related notes within the financial statements.

For the financial period ended 31 July 2016 the company was entitled to exemption from audit under section 477 of the Companies Act 2006.

The director acknowledges his responsibilities for complying with the requirements of the Act with respect to accounting records and the preparation of financial statements.

The members have not required the company to obtain an audit of its financial statements for the period in question in accordance with section 476.

These financial statements have been prepared and delivered in accordance with the provisions applicable to companies subject to the small companies' regime.

The financial statements were approved and signed by the director and authorised for issue on 28 March 2017

Mr Antony Oliver
Director

Company Registration No. SC325213

1 Company Information

Sennen Limited is a private company limited by shares incorporated in Scotland. The registered office is 4 North Guildry Street, Elgin, Moray, IV30 1JR.

2 Compliance with accounting standards

These financial statements have been prepared in accordance with FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" ("FRS 102") and the requirements of the Companies Act 2006 as applicable to companies subject to the small companies regime. The disclosure requirements of section 1A of FRS 102 have been applied other than where additional disclosure is required to show a true and fair view.

The financial statements are prepared in pounds sterling, which is the functional currency of the company.

The financial statements have been prepared under the historical cost convention. The principal accounting policies adopted are set out below.

These financial statements for the period ended 31 July 2016 are the first financial statements of Sennen Limited prepared in accordance with FRS 102, The Financial Reporting Standard applicable in the UK and Republic of Ireland. The date of transition to FRS 102 was 1 July 2014. The reported financial position and financial performance for the previous period are not affected by the transition to FRS 102.

3 Accounting policies

3.1 Revenue

Turnover represents the value of sales to customers, net of discounts and other payments to customers and excludes VAT. Sales of goods and services are recognised when the company has provided the goods or service to the customer and collectability of the related receivable is reasonably assured.

Revenue from the sale of goods and services is recognised when the goods or services have been provided, the amount of revenue can be measured reliably, it is probable that the economic benefits associated with the transaction will flow to the entity and the costs incurred or to be incurred in respect of the transaction can be measured reliably.

3.2 Intangible fixed assets - goodwill

Acquired goodwill is written off in equal annual instalments over its estimated useful economic life of five years.

3.3 Property, plant and equipment

Property, plant and equipment are initially measured at cost and subsequently measured at cost or valuation, net of depreciation and any impairment losses.

Depreciation is recognised so as to write off the cost or valuation of assets less their residual values over their useful lives on the following bases:

Plant and machinery	25% reducing balance
Office equipment	25% reducing balance and 33% straight line
Rapidart equipment	25% reducing balance

The gain or loss arising on the disposal of an asset is determined as the difference between the sale proceeds and the carrying value of the asset, and is credited or charged to profit or loss.

3 **Accounting policies** **(Continued)**

3.4 Inventories

Inventories are stated at the lower of cost and estimated selling price less costs to complete and sell. Cost comprises direct materials and, where applicable, direct labour costs and those overheads that have been incurred in bringing the inventories to their present location and condition.

3.5 Basic financial instruments

The company has elected to apply the provisions of Section 11 'Basic Financial Instruments' and Section 12 'Other Financial Instruments Issues' of FRS 102 to all of its financial instruments.

Financial instruments are recognised in the company's statement of financial position when the company becomes party to the contractual provisions of the instrument. Basic financial assets, including trade and other receivables and cash and bank balances, are initially recognised at transaction price; current asset investments are measured at market value. Basic financial liabilities, including trade and other payables, bank loans and overdrafts are recognised at transaction price.

Financial assets and liabilities are offset, with the net amounts presented in the financial statements, when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis or to realise the asset and settle the liability simultaneously.

3.6 Taxation

The tax expense represents the sum of the tax currently payable and deferred tax.

Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from net profit as reported in the income statement because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are never taxable or deductible. The company's liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the reporting end date.

Deferred tax

The charge for taxation takes into account taxation deferred as a result of timing differences between the treatment of certain items for taxation and accounting purposes. In general, deferred taxation is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date. Deferred taxation is measured on a non-discounted basis at the tax rates that are expected to apply in the periods in which the timing differences reverse, based on tax rates and the law enacted or substantively enacted at the balance sheet date.

3.7 Employee benefits

The costs of short-term employee benefits are recognised as a liability and an expense, unless those costs are required to be recognised as part of the cost of stock or non-current assets.

The cost of any unused holiday entitlement is recognised in the period in which the employee's services are received.

3.8 Leases

Rentals payable under operating leases, including any lease incentives received, are charged to income on a straight line basis over the term of the relevant lease except where another more systematic basis is more representative of the time pattern in which economic benefits from the lease asset are consumed.

4 Employees

The average monthly number of persons (including directors) employed by the company during the period was 2 (2015 - 2).

5 Intangible fixed assets

	Goodwill £
Cost	
At 1 July 2015 and 31 July 2016	5,000
Amortisation and impairment	
At 1 July 2015	3,000
Amortisation charged for the period	1,083
At 31 July 2016	4,083
Carrying amount	
At 31 July 2016	917
At 30 June 2015	2,000

6 Property, plant and equipment

	Plant and machinery etc £
Cost	
At 1 July 2015	30,073
Additions	10,012
Disposals	(14,650)
At 31 July 2016	25,435
Depreciation and impairment	
At 1 July 2015	16,896
Depreciation charged in the period	6,119
Eliminated in respect of disposals	(7,692)
At 31 July 2016	15,323
Carrying amount	
At 31 July 2016	10,112
At 30 June 2015	13,177

7 Trade and other receivables

Amounts falling due within one year:	2016 £	2015 £
Trade receivables	10,470	21,980
Other receivables	1,080	-
	11,550	21,980

8 Current asset investments

	2016 £	2015 £
Other investments	1,612	1,612

Investments held as current assets are stated at market value at the balance sheet date and the difference between cost and market value is taken to the profit and loss account. This treatment is a departure from UK accounting rules which stipulate that unrealised profits be credited to the revaluation reserve. In the opinion of the directors, this treatment is necessary to adopt a true and fair view.

9 Current liabilities

	2016 £	2015 £
Trade payables	111	171
Corporation tax	19,282	16,869
Other taxation and social security	608	1,008
Other payables	2,354	3,212
	22,355	21,260

10 Called up share capital

	2016 £	2015 £
Ordinary share capital		
Issued and fully paid		
70 Ordinary shares of £1 each	70	70
30 A Ordinary shares of £1 each	30	30
	100	100

11 Directors' transactions

At 30 June 2015 the company owed the director £291. During the period the company paid expenses on behalf of the director of £392. At 31 July 2016, the director owed the company £101. This loan is interest free and has no fixed terms of repayment.

During the period the company paid dividends of £47,490 (2015 - £28,203) to the director.
