The director considers that the company is entitled to exemption from the requirement to have an audit under the provisions of section 477(1) of the Companies Act 2006. Shareholders holding 10% or more of the nominal value of the company's issued share capital have not issued a notice requiring an audit under section 476 of the Companies Act 2006. The director acknowledges his responsibilities for ensuring that the company keeps accounting records which comply with section 386 and section 387 of the Companies Act 2006, and for preparing accounts which give a true and fair view of the state of affairs of the company as at the period end and of its profit or loss for the period then ended in accordance with the requirements of section 396, and which otherwise comply with the requirements of the Act relating to the Accounts so far as applicable to the company.

These accounts have been prepared in accordance with the special provisions relating to companies subject to the small companies regime within Part 15 of the Companies Act 2006.

These abbreviated accounts were approved by the board on 19 March 2012

and signed on its behalf by:

Derek Andrew Hynd
Director

Company No. 326 255 (Scotland)

The notes on pages 3 to 4 form part of these financial statements

1. ACCOUNTING POLICIES

Basis of preparation of financial statements

The financial statements are prepared under the historical cost convention, and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

Depreciation of tangible fixed assets

Tangible fixed assets are stated at cost or valuation less depreciation. The cost or valuation of tangible fixed assets, less any residual value, is written off over their expected useful lives as follows:

	Period in Years
Plant & Machinery	4
Motor Vehicles	4

Intangible fixed assets and amortisation

Goodwill is the difference between amounts paid on the acquisition of a business and the fair view of the separable net assets. It is amortised to profit and loss account over its estimated economic life of three years.

Stocks and Work in Progress

Stocks and work in progress are valued at the lower of cost and estimated net realisable value, after making due allowance for obsolete and slow moving items. Cost includes all direct costs and an appropriate proportion of fixed and variable overheads. Finished work in progress is valued at selling price.

Deferred Taxation

Provision is made for taxation deferred as a result of timing differences between the incidence of income and expenditure for taxation and accounts purposes.
However, deferred tax assets are recognised only to the extent that the director considers it is more likely than not that they will be recovered against future taxable profits.
Deferred taxation is measured on a non-discounted basis at the average tax rates that would apply when the timing differences are expected to reverse, based on tax rates and laws that have been enacted by the balance sheet date.

Revenue Recognition

The company recognises revenue to the extent that it has fulfilled its contractual obligations to its customers through the supply of goods and services.

2. TURNOVER

Turnover comprises the invoice value of goods and services supplied by the company, net of Value Added Tax, adjusted for any movement in work in progress.

3. INTANGIBLE FIXED ASSETS

	Total £
COST	
At 30 June 2010	9,268
Costs incurred in year	-
