1. Accounting policies

Basis of measurement and preparation of accounts

The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (Effective April 2008)

Turnover policy

This represents amounts chargeable to clients for professional services provided during the year, excluding value added tax. Turnover is recognized when a right to consideration has been obtained through performance under each contract. Consideration accrues as activity progresses by reference to the value of the work performed. Turnover is not recognized where the right to receive payment is contingent on events outside the control of the firm. Unbilled revenue is included in debtors as "amounts recoverable on contracts"

Tangible fixed assets depreciation policy

Depreciation is provided on tangible fixed assets so as to write off the cost or valuation, less any estimated residual value, over their expected useful economic life as follows: Office equipment 20% straight line basis.

Other accounting policies

Cash flow statement - The accounts do not include a cash flow statement because the company, as a small reporting entity, is exempt from the requirements to prepare such a statement.
