Notes to the Abbreviated Accounts

For the year ending 31 March 2011

1 Accounting policies

Accounting convention

The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

Turnover

Turnover represents the provision of business courses, excluding value added tax.

Deferred tax

Full provision is made for deferred tax assets and liabilities arising from all timing differences between the recognition of gains and losses in the financial statements and the recognition in the tax computation. A net deferred tax asset is recognised only if it can be regarded as more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted. Deferred tax assets and liabilities are calculated at the tax rates expected to be effective at the time the timing differences are expected to reverse. Deferred tax assets and liabilities are not discounted.

Depreciation

Depreciation has been provided at the following rates in order to write off the assets over their estimated useful lives.

Fixtures and fittings	15% on reducing balance
Computer equipment	15% on reducing balance
