d. These accounts have been prepared in accordance with the provisions applicable to companies subject to the small companies regime.

Approved by the board on 28 June 2011

And signed on their behalf by:
Ms J H Zhou, Director

This document was delivered using electronic communications and authenticated in accordance with the registrar's rules relating to electronic form, authentication and manner of delivery under section 1068 of the Companies Act 2006.

Notes to the Abbreviated Accounts

For the year ending 31 January 2011

1 Accounting policies

Accounting convention

The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

Turnover and Revenue Recognition

Turnover represents invoiced sale of goods, excluding value added tax. The company operated under VAT Flat Rate Scheme with effect from 1 September 2009. The company deregistered from VAT from 5 May 2011. Revenue is recognised in accordance with Financial Reporting Standard 5 "Reporting the Substance of Transactions", Application Note G "Revenue Recognition", and UITF 40 "Revenue Recognition and Service Contracts". In this respect, revenue is recognised in line with performance, to the extent that a right to consideration arises. Included in current assets, as "accrued sales", are amounts in respect of income that has been recognised but not billed by the end of the period. Provision is made against unbilled amounts where the right to receive payment is contingent and dependent on factors outside the control of the company.

Stocks

Stocks are valued at the lower of cost and net realisable value, after making due allowance for obsolete and slow moving items.

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events have occurred at that date that will result in an obligation to pay more, or a right to pay less or to receive more tax. Deferred tax assets are recognised only to the extent that the directors consider that it is more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted. Deferred tax is measured on an undiscounted basis at the rates that are expected to apply in the periods in which timing differences reverse, based on tax rates and laws enacted or substantively enacted at the balance sheet date.

Depreciation

Depreciation has been provided at the following rates in order to write off the assets over their estimated useful lives.

Plant and machinery	25% on cost

2 Tangible fixed assets

	Total
Cost	**£**
At 01 February 2010	346
Additions	981
At 31 January 2011	1,327

Depreciation			
At 01 February 2010			86
Charge for year			332
At 31 January 2011			418
Net Book Value			
At 31 January 2011			909
At 31 January 2010			260

3 **Share capital**
