NOTES TO THE ABBREVIATED ACCOUNTS
YEAR ENDED 31 MARCH 2011

1. ACCOUNTING POLICIES

Basis of accounting

The financial statements have been prepared under the historical cost convention, and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

Going Concern

The company made a loss of £45,791 (2010 - £10,036) in the year and at the year end the balance sheet was in deficit by £57,013 (2010 - £11,223).

The directors consider that, despite the level of loss in the year, the going concern basis of accounting is appropriate for the preparation of the financial statements. The ability of the company to continue to trade is dependent on the continuing support of the group.

Turnover

The turnover shown in the profit and loss account represents services provided during the period, exclusive of Value Added Tax.

Fixed assets

All fixed assets are initially recorded at cost.

Depreciation

Depreciation is calculated so as to write off the cost of an asset, less its estimated residual value, over the useful economic life of that asset as follows:

Plant & Machinery - 25% Reducing balance

Stocks

Stocks are valued at the lower of cost and net realisable value, after making due allowance for obsolete and slow moving items.

Operating lease agreements

Rentals applicable to operating leases where substantially all of the benefits and risks of ownership remain with the lessor are charged against profits on a straight line basis over the period of the lease.
