Notes to the abbreviated financial statements for the period ended 30 November 2011

1 Accounting policies

Going concern

The director has considered a period of twelve months from the date of the approval of the financial statements and taking into account the company's net assets position and expected future trading they consider it appropriate to prepare the accounts on the going concern basis. The financial statements do not include any adjustments that would be required should the directors not consider this to be the case.

Basis of accounting

The financial statements are prepared on the historical cost basis of accounting and have been prepared in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

The financial statements do not include a cash flow statement because the company, as a small reporting entity, is exempt from the requirements to prepare such a statement under the Financial Reporting Standard for Smaller Entities (effective April 2008).

Deferred taxation

Deferred tax is provided in respect of the tax effect of all timing differences that have originated but not reversed at the balance sheet date.

A deferred tax asset is regarded as recoverable and therefore recognised only when, on the basis of all available evidence, it can be regarded as more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted.

Deferred tax is measured on a nondiscounted basis, at the average tax rates that are expected to apply in the periods in which the timing differences are expected to reverse, based on tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

Investment property

Investment properties are revalued annually and are included in the balance sheet at their open market value. Any surplus on revaluation is transferred to the investment property revaluation reserve. Any deficit is deducted from the investment property revaluation reserve, except for permanent diminutions in value, which are charged to the profit and loss account.

In accordance with SSAP 19, no depreciation is provided in respect of investment properties.
