The company is entitled to exemption from audit under Section 477 of the Companies Act 2006 for the year ended 30 April 2016.

The members have not required the company to obtain an audit of its financial statements for the year ended 30 April 2016 in accordance with Section 476 of the Companies Act 2006.

The director acknowledges his responsibilities for:

(a) ensuring that the company keeps accounting records which comply with Sections 386 and 387 of the Companies Act 2006 and

(b) preparing financial statements which give a true and fair view of the state of affairs of the company as at the end of each financial year and of its profit or loss for each financial year in accordance with the requirements of Sections 394 and 395 and which otherwise comply with the requirements of the Companies Act 2006 relating to financial statements, so far as applicable to the company.

The abbreviated accounts have been prepared in accordance with the special provisions of Part 15 of the Companies Act 2006 relating to small companies.

The financial statements were approved by the director on 30 January 2017 and were signed by:

J Leishman - Director

The notes form part of these abbreviated accounts

NOTES TO THE ABBREVIATED ACCOUNTS FOR THE YEAR ENDED 30 APRIL 2016

1. ACCOUNTING POLICIES

Accounting convention
The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective January 2015).

Turnover
Turnover represents the amounts derived from the provision of goods and services which fall within the company's ordinary activities and is stated net of Value Added Tax. Revenue is recognised on provision of services.

Tangible fixed assets
Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Computer equipment - 33% on a straight line basis

Deferred tax
The tax expense represents the sum of the corporation tax and deferred tax charge for the year.

The tax currently payable is based on taxable profit for the year. The company's liability for current tax is calculated using the tax rates that have been enacted or substantively enacted by the balance sheet date.

Deferred tax is measured on differences between the carrying amounts of assets and liabilities in the accounts and the corresponding tax bases, as used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all temporary timing differences that have originated but not reversed by the balance sheet date and are not recognised as permanent differences. Deferred tax assets are recognised to the extent that it is probable that taxable profits will be available in the future. Deferred tax is calculated at the average tax rates that are expected to apply in the periods in which the timing differences are expected to reverse, based on tax rates and laws that have been enacted or substantively enacted by the balance sheet date. Deferred tax is charged or credited in the profit and loss account, except when it relates to items charged or credited directly to equity, in which case the deferred tax is also dealt with in equity.

2. TANGIBLE FIXED ASSETS
