Notes to the Abbreviated Accounts for the Year Ended 31 March 2014

1. ACCOUNTING POLICIES

Basis of preparing the financial statements

At the period end, the company had net current liabilities amounting to £24,928. The directors have undertaken to support the company to enable it to meet its debts as they fall due. As such, the accounts have been prepared on the going concern basis.

Accounting convention

The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

Tangible fixed assets

In accordance with Statements of Standard Accounting Practice No 19, no depreciation is provided in respect of property and related fittings. This is a departure from the requirements of the Companies Act 2006 which requires all properties and related fittings to be depreciated. Such assets are not held for consumption but for investment and the directors consider that to depreciate them would not give a true and fair view. Depreciation is only one of the many factors reflected in the annual valuation of properties and accordingly the amount of depreciation which might otherwise have been charged cannot be separately identified or quantified. The directors consider that this policy results in the financial statements giving a true and fair view.
