Notes to the Abbreviated Accounts
for the Year Ended 31 March 2016

1. **ACCOUNTING POLICIES**

Accounting convention

The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective January 2015).

Turnover

Turnover represents net invoiced sales of services, excluding value added tax. The company's policy is to recognise a sale when the company obtains the right to consideration.

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Improvements to property	- 25% on cost
Fixtures and fittings	- 25% on cost
Motor vehicles	- 25% on reducing balance
Computer equipment	- 25% on cost

Investment property

Investment property is shown at cost.

No depreciation or amortisation is provided in respect of investment properties. This treatment may be a departure from the accounting standard requirements concerning the depreciation of fixed assets. However, the properties are not held for consumption but for investment and the directors consider that systematic annual depreciation would be inappropriate. The accounting policy adopted is therefore necessary for the accounts to give a true and fair view.
