Turnover

Turnover represents amounts receivable for services rendered during the year, exclusive of value added tax.

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Deferred tax assets are recognised only to the extent that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits. Full provision for deferred taxation is made under the liability method, without discounting, on all timing differences that have arisen, but not reversed by the balance sheet date, unless such provision is not permitted by accounting standards.

In accordance with such standards deferred tax is not provided for:
