The company is entitled to exemption from audit under Section 477 of the Companies Act 2006 for the year ended 30th September 2017.

The members have not required the company to obtain an audit of its financial statements for the year ended 30th September 2017 in accordance with Section 476 of the Companies Act 2006.

The director acknowledges his responsibilities for:

(a) ensuring that the company keeps accounting records which comply with Sections 386 and 387 of the Companies Act 2006 and

(b) preparing financial statements which give a true and fair view of the state of affairs of the company as at the end of each financial year and of its profit or loss for each financial year in accordance with the requirements of Sections 394 and 395 and which otherwise comply with the requirements of the Companies Act 2006 relating to financial statements, so far as applicable to the company.

The financial statements have been prepared and delivered in accordance with the provisions of Part 15 of the Companies Act 2006 relating to small companies.

In accordance with Section 444 of the Companies Act 2006, the Income Statement has not been delivered.

The financial statements were approved by the director on 25th June 2018 and were signed by:

V DeLuca - Director

The notes form part of these financial statements

1. STATUTORY INFORMATION

De Luca Investments Ltd is a private company, limited by shares , registered in Scotland. The company's registered number and registered office address can be found on the Company Information page.

2. ACCOUNTING POLICIES

Basis of preparing the financial statements
These financial statements have been prepared in accordance with the provisions of Section 1A "Small Entities" of Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" and the Companies Act 2006. The financial statements have been prepared under the historical cost convention.

Taxation
Taxation for the year comprises current and deferred tax. Tax is recognised in the Income Statement, except to the extent that it relates to items recognised in other comprehensive income or directly in equity.

Current or deferred taxation assets and liabilities are not discounted.

Current tax is recognised at the amount of tax payable using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

Deferred tax
Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

Timing differences arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in financial statements. Deferred tax is measured using tax rates and laws that have been enacted or substantively enacted by the year end and that are expected to apply to the reversal of the timing difference.

Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

Financial instruments
Cash and cash equivalents
Cash and cash equivalents comprise cash on hand and call deposits, and other short term highly liquid investments that are readily convertible to a known amount of cash and are subject to an insignificant risk of change in value.

Trade debtors
Trade debtors are amounts due from customers for the sale of goods and services performed in the ordinary course of business.

Trade debtors are recognised initially at the transaction price and represent the full value of the goods and services charged to customers, including any amounts charged on for third parties.

Trade creditors
Trade creditors are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers.

Accounts payable are classified as current liabilities if the company does not have an unconditional right, at the end of the reporting period, to defer settlement of the creditor for at least twelve months after the reporting date. If there is an unconditional right to defer settlement for at least twelve months after the reporting date they are presented as non current liabilities.

Borrowings
Interest bearing borrowings are initially recorded at fair value, net of transaction costs. Interest bearing borrowings are subsequently carried at amortised cost, with the difference between the proceeds, net of transactions costs, and the amount due on redemption being recognised as a charge to the profit and loss account over the period of the relevant borrowing.

This document was delivered using electronic communications and authenticated in accordance with the registrar's rules relating to electronic form, authentication and manner of delivery under section 1072 of the Companies Act 2006.
