Notes to the Financial Statements
for the Year Ended 31 March 2017

1. STATUTORY INFORMATION

BJB Builders Limited is a private company, limited by shares, registered in Scotland. The company's registered number and registered office address can be found on the Company Information page.

The presentation currency of the financial statements is the Pound Sterling (£).

2. STATEMENT OF COMPLIANCE

These financial statements have been prepared in accordance with the provisions of Section 1A "Small Entities" of Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" and the Companies Act 2006. These financial statements for the year ended 31 March 2017 are the first financial statements that comply with FRS 102 Section 1A Small Entities. The date of transition is 1 April 2015. An explanation of how transition to FRS 102 Section 1A has affected the reported financial position and financial performance is given in the notes below.

3. ACCOUNTING POLICIES

Basis of preparing the financial statements

These financial statements have been prepared in accordance with the provisions of Section 1A "Small Entities of Financial Reporting Standard 102" "The Financial Reporting Standard applicable in the UK and Republic of Ireland" and with the Companies Act 2006. The financial statements have been prepared under the historical cost convention.

Revenue recognition

Turnover is measured at fair value of the consideration received or receivable and represents amounts receivable for goods supplied and services rendered, stated net of discounts and of Value Added Tax.

Income has been recognised when the service has been provided, when the amount of revenue can be measured reliably and when it is probable that future economic benefits will flow to the entity. If a customer has not been invoiced for services provided during the period the income is accrued and included in debtors.

Tangible fixed assets

Tangible fixed assets are stated at cost (or deemed cost) less accumulated depreciation and accumulated impairment losses. Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Plant & Machinery	25% Reducing Balance
Computer Equipment	25% Reducing Balance
Motor Vehicles	25% Reducing Balance

Investments in subsidiaries

Investments in subsidiary undertakings are recognised at cost.

Stocks

Work in progress is valued at the lower of cost and net realisable value.

Cost is calculated using the first-in, first-out method and includes all purchase, transport, and handling costs in bringing inventories to their present location and condition.

Financial instruments

Directors Loans (being repayable on demand), trade debtors and trade creditors are measured at the undiscounted amount of cash or other consideration expected to be paid or recovered.

Notes to the Financial Statements - continued
for the Year Ended 31 March 2017

3. ACCOUNTING POLICIES - continued

Taxation

Taxation for the year comprises current and deferred tax. Tax is recognised in the Income Statement, except to the extent that it relates to items recognised in other comprehensive income or directly in equity.

Current or deferred taxation assets and liabilities are not discounted.

Current tax is recognised at the amount of tax payable using the tax rates and laws that have been enacted or substantively enacted by the statement of financial position date.

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the statement of financial position date.

Timing differences arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in financial statements. Deferred tax is measured using tax rates and laws that have been enacted or substantively enacted by the year end and that are expected to apply to the reversal of the timing difference.

Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

Hire purchase and leasing commitments

Assets obtained under hire purchase contracts or finance leases are capitalised in the balance sheet. Those held under hire purchase contracts are depreciated over their estimated useful lives. Those held under finance leases are depreciated over their estimated useful lives or the lease term, whichever is the shorter.

The interest element of these obligations is charged to profit or loss over the relevant period. The capital element of the future payments is treated as a liability.

Rentals paid under operating leases are charged to profit or loss on a straight line basis over the period of the lease.
